## NATIONAL GRANGE CALLS FOR REPEAL OF FOOD CONTROL ACT

ays Program Before Joint Session  
of House and Senate Agricul-  
ture Committees Today.

O MORE WHEAT PRICE FIXING

ant Clear Definition of Powers of  
Congress to Deal With Con-  
spiracies to Raise Prices.

WOULD REVISE THE TARIFF

all For Recognition of Producing  
Farmers' Organizations on  
Personnel of Commissions.

(By United Press.)

Washington, Aug. 16.—A program  
dlining for the repeal of the war  
ne food control, abolition of the  
ntrol of exports and the enact-  
ent of legislation to protect farm-  
s, was announced today by the  
tional grange, representing 700-  
0 farmers.

The grange plan to be urged upon  
ngress is as follows:

Ending of wheat price legislation  
d all price fixing on primary food.  
Removal of all restriction placed  
war productions by congress, in-  
cluding the food administration act.  
Clear definition of the constitu-  
tional power of congress to deal  
th hoarding conspiracies to en-  
nce prices.

Removal of all internal revenues  
d food products.

Revision of the tariff schedule in  
effort to protect the farmer.

Recognition of organizations of  
oducing farmers in making up of  
e personnel of committees, boards  
ommissions to direct the en-  
reement of the existing and pro-  
sed laws.

This program was laid before the  
int session of the senate and house  
griculture committees today by the  
tional grange representatives.

They stated they were supported  
whole or in part by other farm  
ganizations.

"The effects of legislation, which  
ay reduce prices the farmer will  
eeive for his grain, live stock  
d dairy products, would be de-  
eased production," Charles Ly-  
an, secretary of the national board  
farm organizations, said today.  
"The farmer will simply quit pro-  
ucing only enough to support him-  
lf.

"We feel it our patriotic duty to  
ally advise as to the effect of such  
ws," Lyman announced.

FAVORS REVISED DRY BILL.

(By United Press.)  
Washington, Aug. 16.—The senate  
iciary committee today ordered  
e favorable report on the revised  
rohibition enforcement bill. The  
ommittee's action was taken with-  
ut record vote.

HOGS TOP THE MARKET

C. B. Daubenspeck topped the  
Indianapolis market with a load of  
lanshire hogs on Wednesday  
nd received a ten-cent premium be-  
ause of their quality. The top  
rice on that day was \$23.00.

BERTHA FARNER COMPANY  
BIGGEST HIT OF SEASON

The representative of the  
Coit-Alber bureau, Mr. Bick-  
nell, who sold the majority of  
the talent at this year's chautau-  
qua, says that the Bertha  
Farner Concert company, Fred  
G. Bale and Will M. Taft have  
been the biggest hits of the  
chautauqua platform this sea-  
son and advises all who can to  
hear Miss Farnar and assist-  
ing artists at the chautauqua  
tonight. Everybody was pleased  
with Judge Bale who lectured  
Tuesday afternoon.

## U. S. Agents Seize Food in Many Cities

Officers of John F. Campbell Co. of  
Chicago Arrested For Profiteering  
In Sale of Sugar. Coal Combine  
In Indiana Is Alleged.

(By United Press.)

Chicago, Aug. 16.—John F.  
Campbell and John E. Banker, offi-  
cers of the John F. Campbell com-  
pany here were arrested on charges  
of violating the food control act.  
The warrants alleged two enact-  
ments of undue profiteering in the  
sale of \$40,000 worth of sugar  
purchased from Arbuckle Brothers  
of New York at \$8.22 per 100  
pounds, for \$13.00.

Seize Food in Storage

San Diego, Calif., Aug. 16.—A  
United States marshal seized a large  
quantity of eggs, butter and cheese  
today. G. L. Richards, president of  
the San Diego Ice and Cold Storage  
company, ordered the men not to  
release any of the products taken  
under the seizure by the federal au-  
thorities to any of the owners.

46,026 Cases of Eggs Taken

St. Louis, Aug. 16.—Federal au-  
thorities today ordered the seizure  
of 46,026 cases of eggs, 30 dozens  
to the case, alleged to be held by  
owners in the plant of the Mound  
City Ice and Cold Storage company  
here.

Hoarded Since April 1

Detroit, Mich., Aug. 16.—Eggs  
and butter worth \$442,670, alleged  
to have been hoarded since April 1,  
were seized by federal agents here  
today at the Detroit Refrigerating  
company's plant.

Two concerns well known in the  
central west—the Fox River Butter  
company and H. L. Brown company  
—are said to be the owners of the  
food.

75,000 Pounds of Beans Held

Kansas City, Mo., Aug. 16.—Pap-  
ers to permit seizure of about  
75,000 pounds of beans stored in a  
warehouse here, was to be issued by  
the United States district attorney,  
Wilson as the first move by the gov-  
ernment authorities in the cam-  
paign against food hoarding and  
profiteering here.

Wilson said that this was "a vi-  
cious case of hoarding" because the  
beans were held through the active  
part of the war when the need of  
foodstuff was great.  
Seizure of the beans were to be  
made under the Lever act it was  
stated.

To Investigate Storage Houses

Washington, Aug. 16.—Officers of  
the department of justice planned  
investigation today of storage  
houses which are holding butter,  
eggs, dairy products and poultry at  
an increase from 20 to 229 percent  
since last year.

Exact data on the holding of all  
products in storage houses in the  
country are now in possession of  
the bureau of markets which has  
just finished a careful survey.

Coal Combination Alleged.

Indianapolis, Ind., Aug. 16.—An  
investigation into coal prices in In-  
dianapolis which may spread  
throughout the state, was opened  
today by Charles Tighe, special ag-  
ent of the department of justice in  
charge of the high price investiga-  
tion.

Tighe said he believed he has con-  
crete evidence of combinations of  
retailers for restraint of trade.

He said it was particularly no-  
ticeable in cases where prices of one

## MANY FROM HERE ATTEND

Funeral Services for Charles E.  
Francis Held Yesterday

Funeral services for Charles E.  
Francis, who died at his home Tues-  
day night in Cincinnati, were held  
yesterday afternoon at two-thirty  
and burial was made in a cemetery  
at Cincinnati. Among those who  
attended the funeral were several  
from this city, including Mr. and  
Mrs. Will Dill, Carl L. Gunning, Mr.  
and Mrs. Harry G. Francis, Mr. and  
Mrs. George Greisser, Herman  
Saunders and Clifford Gottman. The  
Charles E. Francis Company fac-  
tory, which has been closed on ac-  
count of the death of the senior  
partner, will resume work again  
Monday.

## MASONS HOPE TO BEAT LAST YEAR'S RECORD

Will Try to Take Larger Crowd on  
Annual Visit to State Home at  
Franklin Sept. 14.

COMMITTEES ARE SELECTED.

Members of Phoenix Lodge No.  
62, F. & A. Masons, are hoping to  
make a splendid showing on the oc-  
casion of their annual visit to the  
state Masonic home at Franklin  
Sunday, September 14. Preparations  
are being made to surpass the  
record established last August when  
Phoenix lodge sent the largest de-  
legation ever at the home, repre-  
senting one lodge, and made the largest  
contribution.

The committee on arrangements,  
composed of Howard Carmichael,  
Amos Baxter and R. E. Harrold, has  
arranged for return postal cards to  
be sent to every member, asking  
them if they can go, and if they  
will supply an automobile. Ezra  
Hinkle has been appointed chair-  
man of the automobile committee  
and will name his assistants. Dr.  
Frank M. Sparks will be in charge  
of the musical program. No speaker  
has yet been obtained.

Phoenix lodge gave \$150 when  
Rushville Masons visited the home  
last year. Other lodges in this vi-  
cinity are also invited on the same  
day as Phoenix lodge this year.

## VOTE TO DETERMINE NEED OF MILITIAMEN

If Striking Workmen of Standard  
Steel Car Co. Return to Work,  
They Will Not be Called

FOUR COMPANIES ARE READY.

Hammond, Ind., Aug. 16.—The  
result of a vote being taken by strik-  
ing workmen of the Standard Steel  
Car company, whether to return to  
work, will determine whether or not  
state troops will be called out to  
quell disturbances between strikers  
and strike breakers, Sheriff Barnes  
of Lake county said today.

Four companies of militia are now  
being held in readiness. They are  
from Gary, Elkhart, Terre Haute  
and South Bend, Barnes announced.  
The request that troops be held  
available to come here was made by  
Lewis Barnes, the county sheriff.  
The units to be sent, in case of need,  
Mr. Barnes said, were from Gary,  
Elkhart, Terre Haute and South  
Bend.

The strikers were voting today as  
to whether or not they will return to  
work. In the meantime, pickets  
were on guard at the plant. In case  
the men return, it is expected that  
there will be no further trouble.  
Practically all the strikers were born  
in Europe, and many of them have  
slight knowledge of the English  
language.

## COUNTY FARMERS ASKED FOR \$2,500

Quota is Fixed For Indiana Federa-  
tion of Farmers' Associations  
Campaign

D. C. BUELL LOCAL CHAIRMAN

Plans to Federate With State Body  
Will be Made at Meeting  
Here Wednesday.

D. C. Buell, living east of the  
city, has been named county chair-  
man, and Howard Ewbank, north-  
east of Rushville, secretary, for the  
campaign to raise the county's quota  
of \$2,500 on the guarantee fund of  
\$200,000 which farmers of Indiana  
are being called upon to subscribe  
to protect the interest of farmers.  
The Indiana Federation of Farmers'  
Associations is back of the cam-  
paign.

Officials of the state association  
are counting on Rush county to  
make a good showing in the cam-  
paign, which is being waged with  
great vigor just now. A silver cup  
has been offered as a prize to the  
first county which subscribes its  
allotment, and a banner will go to  
the second county in the state to  
raise its share of the fund.

The officers of the Rush County  
Farmers' Association having been  
pleased with the conservation of the  
state federation have arranged for  
a preliminary meeting in the sheriff's  
office at 2 p. m. Wednesday, Aug.  
20, to discuss plans of reorganiza-  
tion and to federate with the state  
federation. They are inviting all in-  
terested farmers to attend.

L. M. Vogler of Hope, director of  
this district of the state federation,  
and Geo. E. Allen, organizer, have  
promised to attend the meeting and  
explain the plans and purposes of  
the association, and arrangements  
will be made to attend the district  
meeting at Shelbyville.

The first week of the drive has  
convinced Association leaders that  
the campaign will be successful.  
They began work last Monday  
morning confident that Indiana far-  
mers would get together. Today,  
with a week's series of meetings  
completed and reports at hand from  
county chairmen throughout the  
Continued on Page Two

## POSTAL OFFICIALS EXPECT BIG BUSINESS

Sale of Surplus Army Food Will  
Start Monday Morning and  
Continue Only 3 Days

PLANS FOR BLANKETS' SALE

Postal officials are expected to do  
a "land-office" business the first  
three days of next week when or-  
ders will be accepted for surplus  
army food which will be sold to the  
public at cost plus parcel post  
charges. All food will be sold in the  
original package, cases, bags or  
sacks, as the case may be, and  
parcel post charges will amount to  
six cents a pound and two cents for  
each additional pound, because it  
will be shipped from Chicago, the  
third zone.

A dispatch from Washington to-  
day says that army blankets which  
will be sold by the war department,  
will not be disposed of through the  
postoffice department, as it was ex-  
pected they would be, but will be  
made available to all communities  
through bulk sales to municipalities.  
The blankets are wool, cotton and  
mixed fabrics, numbering approxi-  
mately two million, and the prices  
will run from \$6 for new, all wool  
blankets to \$1.25 for reclaimed cot-  
ton blankets.

## WILSON OPPOSED TO A COMPROMISE

President Even Discourages Discus-  
sion With Republicans of Amen-  
ments to Treaty

TALKS WITH SEN. HITCHCOCK.

Says Democrats Must Concentrate  
Efforts Now to Defeat all Plans  
For Reservations.

(By United Press.)

Washington, Aug. 16.—All efforts  
by democratic senators to agree  
with republicans on a program of  
reservation to the peace treaty were  
abandoned today as the result of  
word from President Wilson.

The president in a talk with Sen-  
ator Hitchcock, senate administra-  
tion leader, strongly discouraged  
even the discussion by democrats.  
He made it plain to Hitchcock that  
in his opinion the day for discussion  
of reservations is a long way off.

What democrats must concentrate  
their efforts on now, in the presi-  
dent's opinion, Hitchcock said, is  
defeat of all propositions to amend  
the treaty.

At the president's suggestion,  
therefore, Hitchcock will begin a  
drive next week in the senate  
against the acceptance of amend-  
ments.

While there is general recognition  
of the sentiment for acceptance,  
there are not enough votes in the  
senate to make general textual  
amendments, the president is said  
to feel that the slightest possibility  
of amendment of any section—the  
crossing of a T or the dotting of an  
I, must be removed before any ef-  
forts to consider reservations are  
made.

Whether newspaper correspond-  
ents will be admitted to the White  
House conference Tuesday when the  
foreign relations committee meets  
President Wilson still was undeter-  
mined today. Chairman Lodge said  
he had no objection, but felt the  
president should decide. Official  
stenographers have been provided,  
however, to give the public the de-  
tails of the discussion.

Neither the senate nor the fore-  
ign relations committee was in ses-  
sion today. On Monday the com-  
mittee will reopen its hearings on the  
treaty.

Chairman Lodge is understood to be  
in sympathy with the move for  
early action by the committee and  
it is thought examination of wit-  
nesses next week may be hastened  
and no more called.

One of the many conference was  
held late yesterday at Mr. Lodge's  
office and Senator McNary was pre-  
sent. It was said to be the first  
time the two had gone over at length  
the reservation question. Senator  
Hitchcock also talked with Senator  
McNary before going to the White  
House, and during the day several  
republican members of the foreign  
relations committee went over to-  
gether the senate situation.

Following his talk with Mr. Wil-  
son, Senator Hitchcock said:

"In the end a compromise may  
become necessary," but he added,  
"the president is not sure reserva-  
tions must be accepted, and at any  
rate will not cross that bridge now."

Reservations are regarded by  
President Wilson as likely to be em-  
barrassing, Senator Hitchcock said.  
Their adoption would indicate, in  
the president's view, that the Unit-  
ed States has little faith in the  
treaty.

Senator Hitchcock in his speech,  
next week, in the senate, will point  
out, he said, as the president did in  
their talk yesterday, that amend-  
ments would mean that the United  
States would lose the benefits con-  
ferred by the treaty. He cited ac-  
cess to German dyestuffs as an ex-  
ample.

"Amendment in the president's

## AFTERNOON CROWD BEATS INNES BAND

Attendance For Ace's Lecture And  
Opera Co. Prelude Larger Than  
Friday Last Year

DAVIES COMPANY POPULAR

Comic Opera "Olivette" is Heard by  
Audience Filling Coliseum—To-  
morrow Last Day

Tonight

8:00 p. m. Grand Concert—  
Miss Bertha Farnar and Com-  
pany.

Sunday, August 17.

2:00 p. m. Concert—Bostonia  
Sextette Club.

3:00 p. m. Lecture-Sermon—  
Bishop Theodore S. Hender-  
son.

7:45 p. m. Concert—Bostonia  
Sextette Club.

8:30 p. m. Lecture-Sermon—  
Bishop Theodore S. Hender-  
son.

The Davies Light Opera company,  
which appeared twice at the chautau-  
qua yesterday, was all that the  
advance notices said of it—and then  
some. The attendance last night  
was equal to that of Wednesday  
night, when the Dixie Jubilee Sing-  
ers gave a concert, and was almost  
as great as Friday of the chautau-  
qua last year, when Innes' band was  
here.

The single admission for the band  
was 50 cents, and yesterday it was  
only 35 cents but the gate receipts  
yesterday afternoon were greater  
than the afternoon receipts a year  
ago. Many people remained on the  
grounds, however, so that the night  
receipts fell \$125 short of Friday  
night last year.

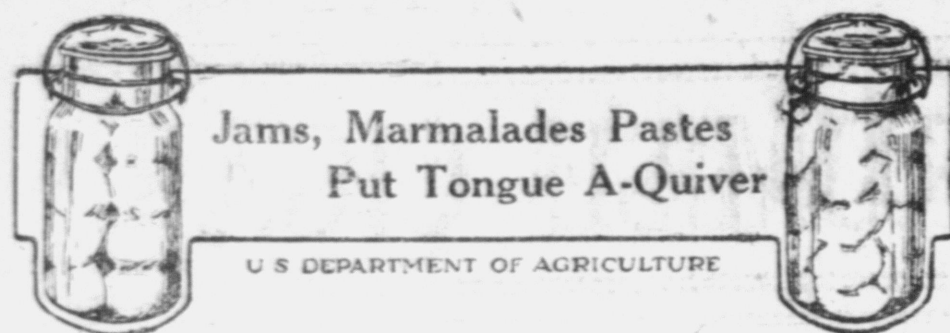

The Bertha Farnar company gave  
the prelude this afternoon, follow-  
ed by the lecture by the platform  
manager, E. J. Llewellyn. Miss Far-  
ner, the celebrated grand opera star  
will appear in the concert tonight at  
eight o'clock. Miss Farnar, a so-  
prano of rare beauty and exception-  
al gifts as a singer, has had a wide  
experience in concert work in Am-  
erica and abroad and was singing  
in Europe when the war broke out.  
She volunteered at once as a nurse  
and worked tirelessly for seven  
months, when she had to return  
home because of a nervous break-  
down. Miss Farnar is appearing this  
year with Leonid Samoloff, the Rus-  
sian tenor, and assisting artists.

With the indications for fair weather  
tomorrow, everything points to  
a record crowd for the closing day  
when Bishop Henderson lectures  
twice and the Bostonia Sextette ap-  
pears in two preludes. The marvel-  
ous attendance this year gives as-  
surance that the last day will bring  
out the largest crowd of the assem-  
bly.

Shelbyville remained loyal to its  
son—Harry Smith of the Davies  
company—and sent a big delegation  
here for the concert last night. The  
presentation of the comic opera  
"Olivette" met with great approval  
from the audience. The part of the  
comedian was taken exceptionally  
well by Harry Davies, who heads  
the company and who received most  
of the applause. Each member of  
the company in solo work, proved  
an artist of rare ability and the  
quartets and ensemble numbers were  
especially pleasing. The extra quar-  
tet numbers by the four men of the  
company were the signal for pro-  
longed applause and repeated en-  
cores.

The chautauqua audience yester-  
day afternoon had the privilege of  
hearing a lecture by one of the 65  
American Aces—a lecture which  
was well worth anyone's time, and  
although it was a hot afternoon,  
Continued on Page Four

Jam can be made of small fruits not whole or uniform enough to use for preserves. No attempt is made in jam to retain the original shape of the fruit. The finished product has a uniform consistency. Marmalades have a more jelly-like texture and thin slices of the fruit appear in the mixture.

Shells for the new war—attacking the cost of living.

Jams should be cooked rapidly in a porcelain-lined vessel and should be stirred with a wooden spoon or paddle. Almost constant stirring is necessary to prevent burning. The amount of sugar employed in making jam is a matter of choice. About

excellent jam combinations.

Testing glass jar point to insure perfect seal.

and preserving also makes excellent jam and paste. Do not use decayed or spoiled fruit for any purpose. Any variety of fruit may be used

three-fourths as much sugar as berries is the most common proportion, but with fruits which are rich in natural sugars less may be used.

## Notice to Swine Raisers

I wish to announce that I have completed arrangements with an old established firm to secure Anti-Hog Cholera Serum and Virus produced from hyper-immune hogs and pigs coming from a section of Nebraska which is comparatively free from Swine Plague, Haemorrhagic Septicemia and various mixed infections which have been very prevalent in this section of the country. From my investigations, I am firmly convinced that the use of this product will reduce the chances of hogs coming down with the above infections to a minimum.

P. S.—Orders for this serum and virus placed with me in the evening will be here ready for administration the next morning. Fresh serum all the time.

Very respectfully,

**H. O. Elliott D. V. M.**

When the mixture has boiled to the proper consistency, place the jam in jelly glasses or pint containers. These should have been boiled for 15 minutes before filling. Pour hot melted paraffin over the surface when the jam is cool. If the jam is placed in pint containers, screw on boiled top immediately after the jar is filled.

Marmalades require fruit which has pectin. When finished, the fruit should appear in small pieces through the jellylike mixture. For marmalade, prepare the fruit, cut in small pieces or slices (if large fruits are used), and boil in a sirup until the whole mass is of a jelly consistency. It may be put into jelly glasses or pint jars.

Fruit pastes are made from the edible portion of fruit which, after cooking, has been passed through a sieve and then cooked until the excess water is driven off. Only a small amount of sugar is required. A combination of different kinds of fruit pulp makes a delightfully flavored paste. When the pulp is boiled down until very thick pour in one-half inch layers upon marble or glass slabs or on a platter. Place where there is a strong circulation of air and allow paste to dry for two to three days. When it is sufficiently dry, cut into one-inch squares. Roll in granulated sugar and place again in a draft. Paste may be packed in tin boxes, glass jars or paraffin-coated containers—United States Department of Agriculture.

## JOHN DAGLER DRIVES SINGLE G. FAST MILE

Former Rushville Boy Breaks New-castle Half-Mile Track Record With Stallion.

### REGULAR DRIVER WAS AWAY

John Dagler, former Rushville boy and son of William Dagler of this city, drove Single G., 1591, the sensational Cambridge City stallion, a mile in 2:04 1/2 over the half-mile track at the Henry county fair at Newcastle yesterday afternoon, thereby breaking the track record and almost equalling the state half-mile track record of 2:03 1/2.

Will Gahagan, race horse authority, says that Dagler had never driven Single G., before, but that he did a neat bit of teaming when he rode the fast mile. Harry Stokes, who has driven Single G. in his last two races, was unable to get to Newcastle, having a couple of races at Springfield, Ohio, yesterday, so W. B. Barefoot, owner of the stallion, selected Dagler.

There was no runner on the grounds to prompt Single G., but the pacer, Dale Hummingbird, 2:11 1/2, a very fast but rather erratic pacer that had been left at the post in the first heat of the 2:14 pace, accompanied the Cambridge City wonder in the mile, that is, he went away with him and proved to be a good pacemaker as far as he could keep up the clip. The first quarter was paced in 31 seconds, and the half was reached in 1:03. The five-eighths Single G. pulled away from his prompter and reported at the three-quarter mile pole in 1:34 1/2. Dagler then called on the bay horse and he came through the stretch like a hurricane, finishing the mile in 2:04 1/2, the last half in 1:01 1/2 and the quarter in 30 seconds.

### COUNTY FARMERS

ASKED FOR \$2,500

Continued from Page One  
State, they are convinced the fund will be put over by September 20, when the campaign ends.

The farmer knows the problems with which he has been contending," said President John G. Brown. "And he readily realizes that the best way to solve them is through organization. Every county meeting we have held, and all the reports received from field workers, indicate that farmers generally welcome the organization plan. They see in it a way to meet the packers and grainmen and food speculators on an even footing, and they see in it the way to improve the science of farm management."

"Farmers throughout the State are joining the movement in large numbers. More than that, many of them are turning in as volunteer workers and obtaining new mem-

bers. We feel here, after the first week's work, that the campaign is bound to win."

Meetings have been held the past week at Vincennes, Salem, DuPont, Brownstown, Newcastle, Winchester, Columbus and Bloomfield with state officers present. Next week's program includes four big district meetings. The first district meeting will be held at Plymouth on Friday with President John G. Brown as the Speaker. The third district will hold a convention at Lafayette on Friday, with W. H. Hickman, first vice president and general manager of the campaign, delivering the chief address.

The sixth district meeting is scheduled for Anderson on Thursday, and Lewis Taylor, general secretary of the Federation, will speak. William Bosson, treasurer for the \$200,000 will address the convention of the fifth district workers at Crawfordsville, on Thursday. Besides these district meetings there will be numerous county meetings, some of them arranged as picnics and others held in connection with county fairs.

The August number of "the Hoosier Farmer, Organized," the Federation magazine, was received here today. One hundred thousand copies of this issue will be distributed among Federation members and their to reinforce the membership and fund campaign.

Miss Anna Seward of Arlington underwent an operation this morning at the Dr. Green hospital for the removal of her tonsils and adenoids.

## Facts About Serum

We are the only firm in Rush County administering Carotid Bled Serum. Carotid Bled Serum means one outright bleeding from the throat of a serum producing hog. Tail bled serum means three bleedings from the tail and in 30 days a final throat bleeding. This tail bled method produces twice the amount of serum and necessitates a larger dose of serum than the Carotid Bled method.

We are willing to hold any test to prove the higher potency of Carotid Bled Serum. Any truthful tail bled serum producer will tell you that tail bled serum produces more serum but is less potent, than the Carotid Bled Serum. In the past four years 25 tail bled serum companies have failed. We will gladly compare the official record of our serum firm with any tail bled serum company in the United States.

You know the cost of hogs and can find out how much serum they should bleed. Then if any person is vaccinating for a price that is not reasonable with the cost of production (either too cheap or too high) we state this fact—something is wrong, and worth your investigation. We must state facts to have your confidence. We have not had a single cholera break in 1919.

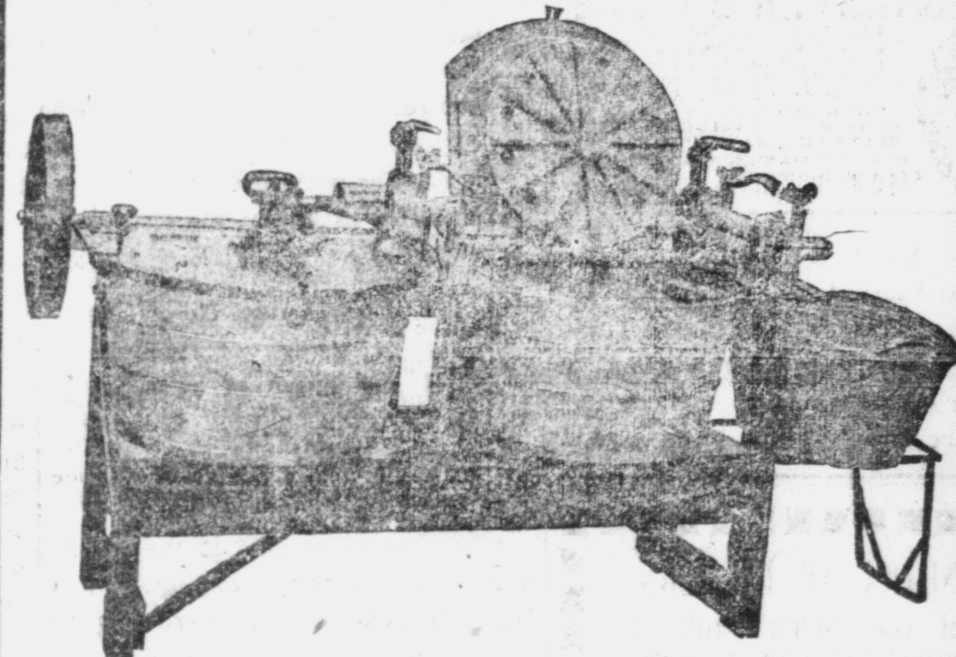

Since our last advertisement fourteen Thorntown Serum users have engaged us to vaccinate their hogs. Facts are facts.

We respectfully solicit your investigation of the foregoing and your patronage.

visit of several days with his uncle  
and aunt, Mr. and Mrs. Wade Sher-  
man. Mr. Sherman accompanied  
him to Indianapolis and spent the  
day.

**WILSON OPPOSED  
TO A COMPROMISE**

Continued from Page One

view," said Senator Hitchcock,  
"would mean that the United States  
would have to go back to Germany,  
hat in hand, begging for acceptance  
of conditions of peace."

"The president said if the senate  
made it necessary to negotiate a  
separate peace with Germany, he  
would send Senators Knox and  
Lodge to Berlin to make the new  
treaty."

After his White House confer-  
ence, Senator Hitchcock said the  
committee might report within ten  
days or two weeks. He made it  
clear that getting the treaty into the  
senate as soon as practicable was

the present concern of the adminis-  
tration.

Wilson accepted the suggestion  
of the senate foreign relations com-  
mittee that nothing of the confer-  
ence with the committee at the  
White House next Tuesday at 10 a.  
m., shall be confidential. In a let-  
ter to Senator Lodge, the president  
said he would have a stenographer  
at the meeting and suggested that  
the committee plan to have a sten-  
ographer also.

At the White House the stenog-  
rapher's transcriptions will be made in  
duplicates and given out in sections  
as fast as possible. Newspaper men  
will not be admitted to the confer-  
ence.

The senate foreign relations com-  
mittee met today to take up amend-  
ments to the peace treaty. Action  
on any amendment was expected to  
be delayed, however, until after the  
committee hears what the president  
has to say about the treaty. In-  
formation to be obtained from him  
may throw new light on some of the  
proposals, it was said.

**Days Pickings**

Low Ging of this city is recover-  
ing from the effects of an operation  
for the removal of a tumor, at the  
Godo Samaritan hospital in Cincin-  
nati.

A marriage license was issued this  
afternoon to Clyde Morris and  
Florence Quayle Morris. This was  
their second marriage, having been  
divorced in 1918. Mr. Morris is a  
machinist of Morristown and Mrs.  
Morris has been employed at the  
Wilkinson bakery.

The condition of Joe Moran, who  
was operated on for appendicitis at  
his home south of the city, Wednes-  
day, is said to be satisfactory. It  
was an emergency operation and was  
performed by Dr. W. S. Coleman.  
Dr. Lowell M. Green administered the  
anaesthetic.

A marriage license was issued yester-  
day afternoon to Charles Ray-  
mond Sefton, son of Mr. and Mrs.  
Charles Sefton, and Miss Ruth Marie  
Moore, daughter of Mr. and Mrs.  
Frank C. Moore. A license was is-  
sued this morning to Alfred T.  
Phillips, son of Mr. and Mrs. George  
B. Phillips, and Avria S. Dewitt,  
daughter of Mr. and Mrs. Austin De-  
witt. Miss Dewitt, who is 17 years  
old, was accompanied by her par-  
ents, who consented to the license.  
All of the above parties are residents  
of this county, and gave their occu-  
pation as farming.

**U. S. AENTS SEIZE  
FOOD IN MANY CITIES**

Continued from Page One

dealer regulate the prices of all other  
dealers in the city.

In one instance he said a big re-  
tailer of Indianapolis boycotted an  
Indiana mine because the mine op-  
erators had been selling products to  
another retailer here who was turn-  
ing it over at smaller profit.

That these conditions exist in  
many Indiana cities is the belief of  
Tighe. He said if he could cover  
sufficient ground the scope of the  
investigation will be spread over the  
entire state.

**Dressed Poultry Stored**

Indianapolis, Ind., Aug. 16.—  
Hundreds of thousands of pounds  
of dressed poultry are stored in  
Indianapolis, federal agents learned  
today. They could not ascertain  
where it was abnormal but Charles  
Tithe said if it is found to be they  
will make efforts to find grounds for  
prosecution.

**WOOD DERAILS CAR**

Traffic on the I. and C. Traction  
line was delayed this morning for  
about an hour, on account of the  
six o'clock west bound car, jump-  
ing the track at the traction station  
curve. The car was soon put back  
on the track, and it was found that  
a small piece of wood had derailed  
the car becoming caught in the air  
brake.

Amusements

**Comedy and Drama at Mystic**

Comedy and drama will be fea-  
tured on the program at the Mystic  
theater tonight. J. Warren Kerri-  
gan, who is popular with moving  
picture house patrons here, will be  
seen in "The Best Man," a story  
that is said to be suited to Kerri-  
gan. In addition, a Jewel comedy,  
"How Charlie Captured the Kaiser"  
will be shown.

**Double Program Tonight**

Never have the brilliant co-stars,  
Francis X. Bushman and Beverly  
Bayne, had a more enjoyable vehicle  
than "The Poor Rich Man," which  
we will show at the Princess to-  
night. Action, romance and the ex-  
hilarating sort of adventure that is  
both physical and mental, make of  
this five-act photo-drama a wholly  
delightful feature. Mr. Bushman  
plays Vantyne Carter, a "gilded  
youth" whose father finds a unique  
way to make him buckle down to  
work and show the stuff he is made  
of. Miss Bayne plays sweet Arizona  
Brown from the west, and she cap-  
tures Vantynes' heart in unexpect-  
ed meeting in "Peacock Alley" of a  
New York Hotel. Both a villain and  
a clever adventuress do their utmost  
to make Van fail in the work he un-  
dertakes, but with the air of Ariz-  
ona, he triumphs. The story is  
"different"—it has humor as well as  
red-blooded action. Everybody will  
enjoy "The Poor Rich Man."

Charley Chaplin will also be  
shown tonight at the Princess for  
the last time in his latest picture,  
Sunnyside," which will make the  
program a double bill. "Sunny-  
side" is said to contain many funny  
incidents and "stunts" which are  
usually to be seen in a Chaplin com-  
edy.

**LOW YIELD OF APPLES  
IN STATE THIS YEAR**

Due to Freeze Late in April Crop  
Will be Very Uneven—30 Per  
Cent of Average

**QUALITY ABOVE AVERAGE**

Lafayette, Ind., Aug. 16.—Due to  
the freeze late in April the yield of  
Indiana apples will be light this  
year. The crop is very uneven,  
some orchards being a total failure  
while others in the same neighbor-  
hood will produce nearly a full  
crop. The larger number of orch-  
ards have a crop estimated at from  
25 to 30 per cent of the average, ac-  
cording to reports received by H.  
H. Swain, secretary of the Indiana  
Horticultural Society, who predicts  
that the fruit will be above the av-  
erage in quality, due to the extra care  
given the orchards this season.

Through the efforts of this Society  
and the Horticultural Department of  
Purdue University Indiana fruit  
growers are reaching a high degree  
of proficiency in the care of their  
orchards. The result of this work  
has been clearly demonstrated by  
the quality of fruit shown at the  
annual Indiana apple show and it is  
confidently expected that this year's  
show which will be held in Tomlin-  
son Hall, Indianapolis, November 4  
to 7, will excel all others in this  
respect.

**ARLINGTON MAN SUED.**

A suit demanding judgment in the  
sum of \$100 has been filed in Squire  
Stech's court by the Goodyear Tire  
and Rubber Company against Wil-  
liam P. Newhouse, in a complaint on  
an account which is alleged to be un-  
paid. The amount of merchandise  
purchased by Newhouse is put at  
\$71.66 and the plaintiff asks for in-  
terest from January 1, this year,  
and court costs, which in all will  
amount to \$100, the amount of judg-  
ment asked for. Mr. Newhouse is a  
resident of Arlington, and the  
plaintiff is an Ohio corporation.

**Lusitania Sufferers Ignored.**

Shortly after the sinking of the Lusitania suits against the Cunard company were brought by the relatives of the Americans who lost their lives on that tragic occasion. After a hearing all the cases were dismissed by the court on the ground that the sinking was an act of war on the part of Germany, and that she was responsible for the damage caused. It was intimated that the United States would doubtless make suitable arrangements in the settlement with Germany to compensate those individuals entitled to damages.

When the president submitted the peace treaty to the Senate he took occasion to say, "In the settlements of the peace we have sought no special reparation for ourselves". And that he adhered to that determination with a vengeance is shown by the language of the reparation clauses of the treaty. Therein it is provided that Germany "will make compensation for all damages done to the civilian population of the Allied and Associated Powers and to their property during the period of the belligerency of each as an Allied or Associated Power against Germany".

That paragraph operates to exclude absolutely from any participation in German indemnities all those whose property or relatives were destroyed previous to our entry into the war. The Lusitania was sunk two years before we took up arms against Germany. Hence all claimants for damages are permanently barred from obtaining redress from the party which the court has declared to be solely responsible.

Not only are the Lusitania sufferers and all others who sustained pre-war damages from the hands of Germany excluded from compensation by the specific words of the treaty, but even those who were injured by German violations of international law after our entrance into the war are probably precluded from receiving a share of reparation. Article 237 of the treaty provides that German indemnity instalments "will be divided by the Allied and Associated Governments in proportions which have been determined upon by them in advance".

If there has been any determination by the Powers to give the United States or any of its citizens a share of that indemnity the Amer-

**Sap and Salt**

By BERT MOSES

A sassy porter collects the fewest tips.

Cook-book cooking is responsible for a lot of dyspepsia.

It is better to swear by people than to swear at them.

Take care of your liver, and your complexion will take care of itself.

Unpainted women are 100 percent prettier than the painted, but only a few women seem to know it.

Hez Heck says: "A man who marries a girl for her looks will soon be looking for another looker."

People who fascinate others by their charming manners "get by" better than people whose only recommendation is good looks.

ican people have had no word of it, and it is a safe assumption that reparation to our nationals was never mentioned at the peace conference, much less seriously considered.

This failure to secure compensation of any kind for our citizens who suffered from German frightfulness both before and after our entrance into the war, is one of the saddest features of the whole peace parley. German aggression against us on the high seas, in direct defiance of all the tenets of international law, was what primarily brought us into the war. Now in the peace settlements those occurrences have been ignored and have completely given place to attempts at world regulation for the future.

We extend our sympathy, congratulations, and commendation to our friends in congress who have given up their six weeks vacation in order to settle the grave problems which are causing so much unrest in the country just now. We have hopes that something tangible will come out of Washington—something that will stabilize the dollar, return conditions to normal, allay the growing unrest of the people, and sanity out of the chaotic conditions which now surround us.

Now we are told that by 1924 tobacco will also be on the prohibited list. Well, at any rate, we can roll up a devil of a lot of puffs in the five years that are left us—provided we can also dig up the price.

**ENGLAND IS SEEKING REFORMS IN COURT LIFE**

London, (By Mail)—The substitution of more or less informal "at homes" for the "starchy" and expensive courts and levees is being seriously considered by King and Queen Mary. During the war presentations at court were few and far between and as a result there is an enormous list of titled and society women awaiting "presentation", either as debutantes or on their marriage, or for one of the numerous reasons laid down by court etiquette. The list of men awaiting the boredom and expense of the old morning "levees" is also considerable.

The tailor's bill for a levee suit runs to over \$500, while the toilette of a debutante at Court runs to practically unlimited figures. A revival of the pre-war garden parties at Buckingham Palace and Windsor, at which there is far less formality and for which an ordinary morning suit or costume suffices, is certain. The recent "Housing Darbar", or "At Home" paved the way for the innovation, and it is understood that such informal gatherings are to be more frequent.

**GIRL DISAPPEARS**

Chicago, Ill., Aug. 15.—Police today sought to run down evidence of every available clue that might help solve the mystery of the disappearance of the twelve-year-old Staska Avgares, daughter of the Greek Erickson Brothers of LaPorte county, obtained 35 bushels of wheat to the acre on a 30 acre tract of black loam. They applied 200 pounds of acid phosphate to the acre.

**HUN PRISONERS COMING HOME**

Return to Fatherland Will be Accomplished With Customary German Methodical Plans

RECEIVE 50 MARKS EACH

Demobilization of What is Left of Army Will Release 41,000,00 Meters of Cloth.

By CARL D. GROAT  
(U. P. Staff Correspondent.)

Berling (By Mail)—Germany is preparing for the homecoming of thousands of its prisoners. While their return will probably inflict on the labor market a great new burden Germany hasn't reckoned that in the reckoning and just now is jubilant over the fact that they are soon to be released.

Their return to the fatherland will be accomplished with customary German methodical plans. A complete reception machinery has already been created. A number of stations for delivery in German territory have been erected, and there the homecomers will be officially greeted. From these delivery stations, the prisoners will pass to transfer camps, where they will remain three or four days while they receive military discharges and are examined to ascertain whether they are in need of hospital attention.

Each man will receive 50 marks cash and an additional sum which will permit him to have an eight weeks' vacation. From the transfer camps the men will be distributed to stations, nearest their own homes. Provision has been made to furnish all with tobacco, cigars and cigars.

As for their future, the government has devised means whereby temporary aid can be furnished each prisoner if he cannot at once find work, but every effort will be made to assist the men to places in the industrial structure.

Demobilization of what is left of the German army will release 41,000,000 meters of cloth, to say nothing of hundreds of thousands of pairs of shoes. As a result, the government expects that there will be a material decrease in the price of clothes and shoes.

It proposes to distribute the cloth and shoes which had been stored up against further prosecution of the war at low prices to deserving families. Rates will be made according to the size of the family.

Out of the sordid annals of the Berlin criminal courts came to-day the story of a "Black Hand" persecution which had its inception in the recent anti-Semitic agitation here.

Karl Reitze, recently returned from a Russian prison camp was accused of trying to extort several hundred thousand marks from two Jewish merchants under threat of death.

Rietze told the court he was at a loss to know why he had sent the merchants "Black Hand" letters, saying they must deliver packets of money at stipulated places or suffer the consequences. But he did plead that his mind had been affected by anti-semitic propaganda. He had read a number of the program pamphlets, and then had gone to the place of publication, where about twenty persons were congregated.

There the suggestion was made that the Jews should be oppressed, just as in Russia, and that money should be extorted from them where-with to continue the propaganda work.

Rietze said that he supposed this suggestion had been the inspiration for his own deed, for he at once set about to send letters, signed the "Secret Alliance" to the merchants. While they were warned not to have anyone accompany them, they at once called in the police and had Rietze apprehended when he came to receive the decoy packet of marks.

Communism may come to the aid of Cupid here.

Fearing that returning soldiers will be deterred from marrying and making homes for themselves because of the high cost of furniture,

**Chas. M. Trowbridge's Sale of High Class Duroc Sows**

50 Head—All Immune—50 Head

At Woodlawn Farm, near Mays, Indiana.

WEDNESDAY, AUGUST 20, 1919.

Tried sows, spring and summer and fall yearlings. Many of these gilts open, others bred to HOOSIER GIANT JR., best son of Hoosier Giant, the \$1500 boar I sold to the Enoch Farm, Ferriswood, Miss., last year. BIG JOE KING, 1st prize boar pig Indiana State Fair, 1918. WOOL LAWN TOP COL., a good son of Walt Top Col.

The tried sows are sired by Orion Cherry King, Pal's Col., American Top Col., Hamlet, Mayes Top Defender Prince and Gilbert's Jack's Friend. Yearling gilts are sired by Hoosier Giant, Joe Orion Jumbo, Joe Orion II Again, Woodlawn Top Col., Prince Orion Jr. and Perfect Defender.

Hoosier Giant, sailing under the name of Big Joe Orion King died recently in the Enoch's Farm herd. This was a great loss to this enterprising firm, but a much greater loss to the Duroc breed. He will be recognized as one of the best breeding sons of Orion Cherry King. Sows bred to him in their last February sale averaged over \$600. Inquire for their report of August 1, 1919 sale. I predict that daughters of Hoosier Giant will have a wonderful reputation as herd sows during the next few months. Better place one or two of these gilts in your herd while you have an opportunity. Send for catalogue that gives full description of the offering.

an enterprising communist has suggested that the government communize the old furniture business. He says the stores charge too much, whereas if the government took them over, there'd be nothing in the way of returning soldiers making homes for themselves.

**SERIOUS CHARGE PREFERRED**

Bertha Hensley, a Nurse, is Arrested by Sheriff Jones

Bertha Hensley, aged about 28 years, was arrested yesterday afternoon by Sheriff Jones, on a charge of adultery preferred by Prosecutor Stevens. Mrs. Hensley was released on bond, and she will be tried in the September term of court. Mrs. Hensley was formerly of Connersville, and gave her occupation as a nurse.

The state in the complaint alleges that on August 14, and for some time immediately preceding that date, Bertha Hensley did then and there unlawfully live and cohabit in a state of adultery with Ellis Culbertson, a farmer living north of here, that she is a married woman, and that the two parties are not married to each other.

## DISCHARGED MEN CAN HOLD CIVIL POSITIONS

Attorney General Expresses Opinion That Honorably Discharged Men Can Get Jobs

60 DAYS FROM AUGUST FIRST

Under an opinion of the Attorney General recently rendered to the Civil Service Commission, United States soldiers, sailors and marines who missed opportunity to enter civil service examinations because of their military or naval service may now be given a chance to qualify for Government employment.

The Civil Service Commission, wishing to give discharged service men every opportunity to qualify for civil positions, asked the Attorney General for an opinion as to whether it would be legal to open, the benefit of honorably discharged soldiers, sailors, and marines, examinations which had been closed. The Attorney General having expressed the opinion that such action is legal in view of the spirit of a recent act of Congress which provides for preference in appointment to civil positions for discharged soldiers, sailors and marines, the Civil Service Commission will open only to honorably discharged service men examinations which were pending on April 6, 1917, the date of America's declaration of war, or which were subsequently announced, and for which registers of eligibles now exist.

Sixty days from August 1, 1919, will be allowed soldiers, sailors, and marines in which to be examined for positions for which examinations have already been held if they were discharged from the military or naval service prior to August 1, and sixty days from the date of their discharge will be allowed those discharged subsequent to August 1, 1919.

## WRITES OF DAILY STRIKES IN PARIS

Capt. Kiplinger Describes one Where Waiters Walk Out Because They Can't Wear Moustaches

CITY REMAINED PATIENT

Was Not Considered Serious as it Was Though it Would be Over by Night.

Captain John H. Kiplinger, who is attached to the office of the judge advocate in the Paris district, in France, writes that strikes are everyday occurrences in Paris. He enclosed a clipping from the Paris edition of the Chicago Tribune, describing one of the latest strikes, in which the waiters walked out because they were not allowed to wear moustaches.

With the Cafe la Paix, encircled by several score of policemen and with hundred of other boulevard cafes and restaurants closed following the outbreaks of striking waiters and waitresses late yesterday afternoon, all of Paris was asking itself last night, "Where shall we eat?"

A pair of whiskers, a stray moustache or some other hirsute tendency that a waiter would like to possess is directly responsible for the strike of waiters and waitresses that is upon Paris at present. Waiters have struck because they are not allowed to wear a moustache. The waitresses while not wishing to wear moustaches have decided that the men are right and should be allowed any form of downy adornment that they wish and have struck in sympathy.

Of course there were other reasons for the strike (there always are). The waiters would like to have fixed wages; they want tips abolished (God bless 'em); and they want an eight hour day. But their desire to wear foliage on their faces is perhaps the most interesting and certainly the most picturesque of their demands.

Through it all, Paris remained patient as it trod from place to place as it sought a place to appease its hunger. And all of this because man is so vain as to demand that his personal right of wearing a moustache be not infringed upon.

Parisians were surprised slightly yesterday morning when they found that many of the large restaurants remained closed following the decision of the strikers during the night to walk out. However it was not considered serious as it was generally thought that the strike was but passing and would be over by night.

The situation reached the climax last evening about 5 o'clock when a crowd of six hundred striking waiters, and waitresses descended upon the boulevard cafes. Commencing at the Cafe de la Paix which had remained open throughout the day, they came like a thunder storm out of a clear sky.

The peaceful crowd that had been quietly eating and drinking was quickly turned into a panic as the strikers rushed the cafe, sweeping glasses and saucers from the tables, knocking bottles, dishes and food from the serving counter and overturning chairs and tables.

Glasses and bottles were thrown and several hand to hand fights ensued as attempts were made to turn back the strikers from the completely overturning the cafe. Several were injured slightly by being struck with flying glass ware or a bare fist, but no one seriously enough to be removed to a hospital.

Patrons quickly left the cafe leaving the situation to the strikers to battle to a finish the question "to shave or not to shave."

Restaurant after restaurant along the boulevards was visited in turn with much the same performance taking place at each one, while the crowd of strikers was constantly growing as one by one the unshaven ones joined the ranks of their fellows and set forth in conquest of a moustache.

As the day grew near, Parisians, deprived of their favorite dining places, sought new haunts. To be sure of a place to eat, one

was forced to recall restaurants where he had seen waiters with moustaches, but even then one was not absolutely certain, as the desire of the waiters to see everyone of their class uniformly draped in hirsute facial adornment might lead even a man already possessing a moustache to desert his post and fight for the welfare of his friends.

At one of the numerous cafes as the strikers rushed in an elderly Frenchman shouted. "If you don't stop this strike we will give you no more tips."

"Tips," scorned the strikers, "we don't want tips, they are what we are fighting against we want moustaches."

Tips are not what the waiters want and really they are right. They have been so busy for the past five years shaving and collecting tips that they want a rest from both. Having cornered a large fortune collecting tips, they are willing to forego this heretofore-thought necessity, if they can have the time to themselves that they have been forced to spend before the looking glass with the razor and brush.

If the abolition of tips and the eight-hour day cannot be accorded to the strikers as they demand, certainly one cannot have the heart to refuse a man a small thing like a moustache or even a beard, if he wishes it.

The Hotel-keepers' society issued a statement last night declaring that they had the situation in hand and would be able to care for all visitors to Paris, whiskers or no whiskers.

### AFTERNOON CROWD BEATS INNES BAND

Continued from Page One

Howard C. Knotts, in his address of only an hour, told his experiences as a flyer, and of his trials and hardships in the German prison camps.

Lieutenant Knotts was a Harvard law student at the time he went into the service, and his college training and his inherent culture shown forth in all he said, and in all his manners. After his first joy ride in an airplane, he said if someone would have asked him, just why he had picked on the aerial service, he couldn't have answered them.

In this country he was taught the principle facts about the construction of the planes, and how to assemble them, but his first trip came when he was in France. He later became a pilot, and from then on was engaged in the fight.

His first air fight took place when his squadron swooped down upon two German observation balloons. His description of their fight among the clouds, the firing of guns and bursting of bombs, their tail spins, nose dives and various maneuvers in avoiding and taking positions of advantage with their enemies was very thrilling. He told how so many people were often asking, "Were you scared out there?" to which he replied that 100 per cent of himself was scared to death most of the time.

He said that the German planes were superior to the allies in strength and swiftness but that the allies outranked the Germans in maneuver ability, which was a very great asset. Also that most of the style of their fighting was what they termed dog-fighting, a method where the fighter does not devote all his attention to one enemy, but flies back and forth and here and there, attacking all.

Lieutenant Knotts described in detail his fight in which he brought down his first German machine and the thrill which he had in accomplishing this. He explained that while this was a most "gruesome ex-

perience, our business out there was to kill huns and there I had a dead one." From this he passed on to the fight in which his machine was shot at, he was wounded and fell behind the German lines, where he made a desperate attempt to escape, but was captured in a German dug out. He was stripped of all that the Germans could use as souvenirs and that he cared most for, was taken to a German reprisal camp and here suffered all the horrors for which these places became famous—revolting food, filth, lack of clothing and all adequate hospital care. Their food consisted of the miserable black bread and acorn coffee with now and then a meal of soup, which was far from nourishing, but which to them seemed almost delicious. He told how, when everything was so disheartening, some very ordinary things would bring them a few moments of happiness—some glorious sunshine and the opportunity of marching over some level ground which, with their sore and bleeding feet, seemed a precious thing.

When the armistice was signed, they were not even told by the German officers, but were turned loose in a devastated country, not knowing where they were, to shift for themselves. He and a companion reached the back entrance of what turned out to be a chateau and here they found a good Belgian woman who took them in, fed and warmed them, and bathed and dressed their wounds. Nothing could be more touching and appealing than the story Lieutenant Knotts told of how this fine Belgian mother put them to bed between clean, warm blankets, tucked the covers about them and then gave each a good-night kiss, just as their own mother would have wished to do.

He said that the British had picked up 8,000 miserable men who had been abandoned just as he had been by the Germans. He pleaded, too, for our continued aid to the Belgian people, for the American soldier learned much of the fine character of these people, how they loved America and how they had loved it even before the war. He told of their unspeakable joy on their returning to America, how all the boys on board had determined to give the Statute of Liberty the greatest ovation she had ever had and how when they came near to it they were too full of emotion to utter a sound.

Lieutenant Knotts expressed the surprise of the returning soldier at some of the disappointing conditions he finds in America—the high cost of living the wasteful and extravagant habits of many of the people, the unrest in labor and business conditions and the tardiness with which the returning soldier is being reinstated to normal business relations. He thinks, as many civilians do, that the Bolsheviks, the radicals, the I. W. W. and the extreme socialists are carrying on an organized propaganda to stir up trouble in the country and he believes, as do also the civilian population, that the time for some repressive legislation has come that we ought to make it impossible for these disloyalists to live in any community. He closed by saying, "In the name of all that is good, we have the right to demand that every disloyalist be made to shut up and to get the hell out of the country."

8 RIBBONS IN 9 EVENTS

Frank Jones, living north of the city, who had show horses entered at the Newcastle fair, showed nine times, winning eight ribbons. He won five firsts and two seconds in light harness and one second in the general purpose class.

# MILLIONS SUFFER FROM ACID STOMACH

## THE GREATEST REMEDY ON EARTH—ACID IRON MINERAL.

Millions of people suffer year after year from ailments affecting practically every part of the body, never dreaming that their ill health can be traced directly to acid-stomach. Here is the reason: poor digestion means poor nourishment of the different organs and tissues of the body. The blood is impoverished — becomes weak, thin, sluggish. Ailments of many kinds spring from such conditions. Biliousness, rheumatism, lumbago, sciatica, general weakness, loss of power and energy, headache, insomnia, nervousness, mental depression—even more serious ailments, such as catarrh and cancer of the stomach, intestinal ulcers, cirrhosis of the liver, heart trouble—all of these can often be traced directly to acid-stomach.

Keep a sharp lookout for the first symptom of acid-stomach—indigestion, heartburn, belching, food repeating, that awful painful bloated after eating, and sour, gassy stomach. ACID IRON MINERAL, the wonderful modern remedy for acid-stomach, is guaranteed to bring quick relief from these stomach miseries. Thousands say they never dreamed that anything could bring such speedy relief—and make them feel so much better in every way. Try ACID IRON MINERAL and you, too, will be just as enthusiastic in its praise. Make your life worth living—no aches or pains—no blues or melancholy—no more of that tired, listless feeling. Be well and strong. Get back your physical and mental punch, your vim, vigor and vitality. You will always be weak and ailing as long as you have acid-stomach. So get rid of it now by taking ACID IRON MINERAL. Also call for A I M Pills and take one every night until stomach, kidneys and liver are relieved.

# Dame Nature Puts It Over Dame Fashion

By MARGARET ROHE

(Written for United Press.)

The yellow peril now is near  
We're due to have a jaundiced  
year

And fruity shades of citron hue

May make a lemon out of you.

New York, August 16.—What a long tail our hat has! All the new perky little sultan turbans of crushed velvet, round velvet sailor shapes with rolled up brims and, in fact almost all the early Autumn millinery models have a long swishing tassel of vivid silk dangling from their midst. Whether it be of the self-same tone as its parent chapeau, as is the case usually where the hat is of black, dark brown or henna or whether it be a striking contrast the sprouting tassel hobs about ubiquitously and also about pretty ears and about six or eight inches long.

Under the head of the contrast class, but bound to be on the head of the classy, is a sultan turban of the vividest Chinese vermilion velvet, with a tassel of the vividest Chinese green silk. Velvet is already very much to the fore and the forehead and brighter even than the aforementioned Chinese vermilion is a new shade of orange called capsicum, which brazenly rivals for very brilliance the rays of the August sun. It is one of the most popular of the new shades which run the gamut of all the yellows and browns. In fact you have to be jaundiced to be jaunty this fall. Fall fashions are fruitfull and you must either be an orange or a citron to be truly chic. So pick your fruit and color your hat and your life accordingly.

Naturally these hectic orange shades are used the suits and frocks merely as highlights in embroidered touches here and there, but for evening gowns the entire costume partakes of the vivid hue. Suits and frocks are rather of some golden tint of brown or creamy beige and in the Fall Paris models it is amusing to note the multitudinous names used to designate the varying shades of tan. They vary only by a breath one from another and yet each boasts an entirely separate and exclusive appellation. Eern, beige, mastie, putty, clay, old ivory, bisque, champagne, (alas that and a new shade called bee fill only the glass of fashion nowadays) and going a bit deeper are bronze, wood brown, tobacco, a few red echoes of last season's red brown, rust, henna, and mahogany, and, lastly the deep dark depths of tete de negre.

Black has been worn so persistently all summer in the ebon satin frocks and gowns so dearly loved of the Parisian female heart that a blossoming out into the vivid yellows and warm browns this fall will be a welcome chameleon change. We can not shake black off completely, however, and its sombre hues will still swathe us willy nilly in both satin and velvet lengths, juts as our enchanter for having the blues will always stick to us in the form of navy blue serge till the millenium. Then only will the emancipation from any clothes at all free us from the blue of serge forever surging round us.

Fine feathers also add their orange and brown tinted hues to aid our Autumn millinery and the all feathered close turbans of the orange-breasted and bronze-toned pheasant is a symphony of color tones. Paradise too flaunt their yellow beauties au naturelle nor longer droop under the black fear of premature dyeing.

Dame Nature is certainly going to put it all over Dame Fashion this Fall, for it is unmistakably upon the glowing glories of the Autumn foliage that our sartorial color scheme will be based. Every discarded leaf that falls from Ceres bounteous lap will be eagerly snatched up as a first aid to fashion by Madame La Mode, and that haughty lady must humble herself to receive Nature's leavings, with a grateful air.

Being all dolled up in the tints of the Fall foliage, we will partake, at least from a color standpoint, some of the sartorial sensations of our maternal ancestor, Lady Eve. And changing our costumes will smack vividly our turning over a new leaf.

# Society

The S. E. T. club will be entertained Tuesday afternoon at the home of Mrs. Ned Abercrombie in North Main street.

\* \* \*

The Tri Kappa sorority will hold their regular meeting Monday evening at the home of Mrs. Charles Wilson in North Perkins street. All members are urged to be present and bring an item for the Chapter's letter in the Cross Keys.

\* \* \*

There will be a class meeting of the Loyal Daughters of the Main Street Christian church Tuesday evening at the home of Mrs. Clifford Hardwick, in East Seventh street. As important business matters are to be discussed, all members are urged to be present.

\* \* \*

The annual reunion of the Arnold family will be held next Thursday, Aug. 21, at the home of Albert Arnold, two miles east of Morristown and a splendid program and entertainment has been arranged for the occasion. Many members of the family in this county are planning to attend.

\* \* \*

Mrs. John H. Frazee entertained with a delightful dinner party last evening at her home in North Harrison street, honoring her house guests, Miss George Ann Griford of Tipton, Ind., Miss Ellen Jane Rich-ey of California, William Grishaw of Tipton, and Mrs. Reeves Woods of near Gwynneville.

\* \* \*

Mr. and Mrs. Albert Sweet entertained last evening with a six o'clock dinner at their home in North Perkins street, the following guests: Mr. and Mrs. Lev Wallace and son William of Detroit, Mich., Mrs. Orville Hill and daughter Leanna of Morristown and Mr. and Mrs. William Gessler of this city.

\* \* \*

A beautiful informal gathering was given at the home of Mrs. Walter Saxon of Fairview, yesterday afternoon, when her daughter, Miss Doris, entertained two clubs, the Sorosis and Priscilla Embroidery clubs, honoring Mrs. Millie Johnston of Elmhurst, Ind., who is the house guest of Mrs. Saxon. The rooms were decorated in the color scheme of white and yellow, summer flowers being the main decorations. During the afternoon punch and ice cream were served. At the punch table unique wrist watches, consisting of yellow ribbons and imitation watches, were given out on which the announcement of the engagement of Miss Doris Saxon and Curtiss Scholl was made. Mr. Scholl is the son of Mr. and Mrs. Frank Scholl of Glenwood and is well known here. The wedding will take place in September. Music was furnished throughout the afternoon by the Mrs. Mariam Fry and Miss Sadie Scholl.

# CHARGE PUBLIC BUILDING

French Troops Release Deputies  
Imprisoned at Luxemburg.

(By United Press.)

Luxemburg, Aug. 16.—At the request of the local burgomaster, French troops charged the parliament building with bayonets today, scattering labor demonstrators and releasing imprisoned deputies.

Workmen who demanded \$90 instead of \$50 bonus as a protection against the advanced cost of living, had previously stormed the cabinet and imprisoned the employees.

# BOLSHEVIKI WIPED OUT

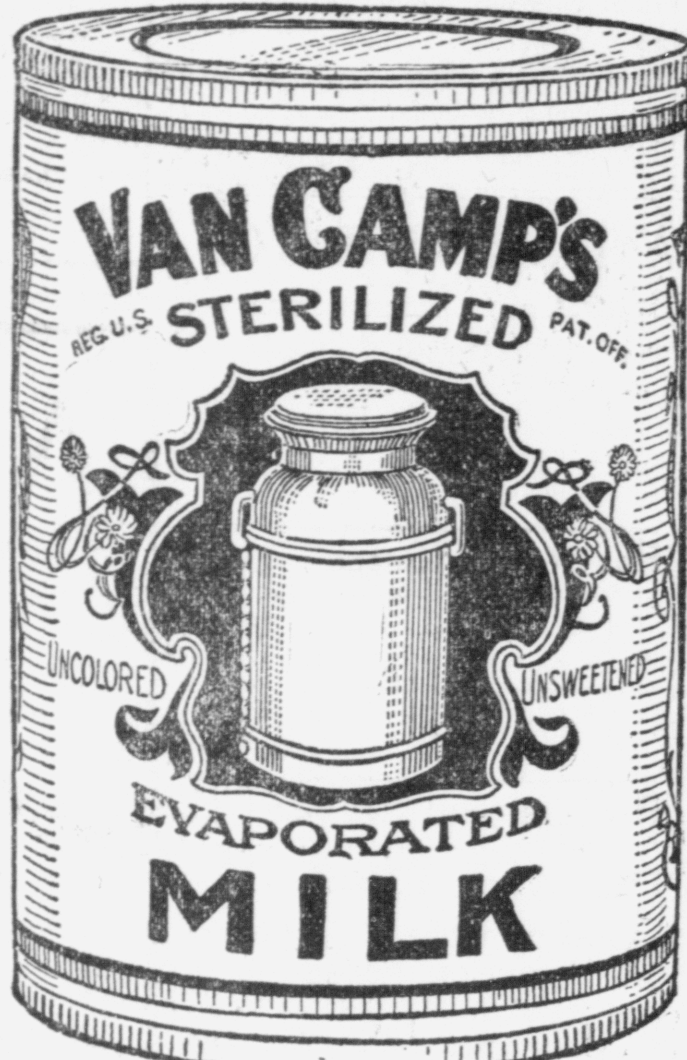

London, Aug. 16.—Several battalions of Bolshevik troops have been wiped out in the new counter-offensive of the northwestern Russian army along the River Luga, southwest of Petrograd, according to dispatches from Helsingfors dated Wednesday. The soviet forces also lost large numbers of prisoners, machine guns and ammunition.

# RIOTING IN IRELAND

Londonderry, Aug. 16.—Rioting and looting occurred in this city last night and early today. Troops charged on mobs, but did not fire any shots. The soldiers, however, were met with a volley of stones when they attempted to break up a Nationalist demonstration.

# The Finest Milk

## Sold in America—A 20-Year Development

Rich, Whole Milk,  
Reduced to Double  
Richness by Low-  
Heat Evaporation.

Sealed at Model  
Condenseries in  
Seven Great  
Dairying Districts

"The Cow in the Pantry"

We have spent twenty years to make Van Camp's Milk the finest milk sold in America.

The ablest milk experts have helped us. Model condenseries—each with a laboratory—have been built in seven great dairying districts.

We have bought thousands of high-bred cows. Sanitary dairies have been developed. The cows are constantly inspected.

Today millions of homes serve a perfect milk, because of what we have done in Van Camp's.

# Van Camp's Milk

The Finest Milk Produced in America

## It's a Safe Milk

Van Camp's is a pasteurized milk. After it is sealed in the can we sterilize the milk. You thus get a germ-free milk.

It is never an old milk. All our condenseries are close to the dairies. The milk is evaporated soon after milking.

You never get milk in bottles which is nearly so fresh as Van Camp's.

## Thick as Cream

Van Camp's is as thick as cream. We take the whole milk as it comes from the cow and put it in a vacuum. There, by low heat, we evaporate over half the water from the milk.

You can use it like cream in your coffee or ice cream.

Add an equal part of water and you have a rich whole milk for all rich milk purposes. Add still more water and you have a rich cooking milk.

## Saves All Waste

Van Camp's costs less than bottled milk. You save the waste.

There are small cans and large cans. Open little or much as you wish it.

You never have too little milk, you never have too much. And you have full-cream milk—never a skimmed milk—for drinking and cooking.

The way to serve the best milk in existence is to buy Van Camp's.

Van Camp Products Co., Indianapolis, Ind.

# STATE FAIR TO BE THE BIGGEST IN HISTORY

Exposition Will Open September 1  
With the Dedication of Two New  
Buildings.

## 4 HARNESS RACES EACH DAY

Indianapolis, Ind., Aug. 16.—Indiana's state fair this year will be the biggest in history, according to fair officials today. The exposition will open September 1 with the dedication of two new buildings which are nearing completion.

Concessions and exhibition space are in greater demand this year than ever before the officials say. The demands are coming especially from manufacturers of farm machinery and it was predicted that all available space will be occupied.

One of the new buildings will cover two acres and will house automobiles. The other is the Woman's Building to be used for display of craftsmanship, fine arts, flowers and culinary exhibits.

Indiana made automobiles will feature the auto show, which is expected to be larger than ever before because of the space which is made available through the erection of the new building.

The livestock shows will also come in for their share of attention. Thoroughbred cattle, horses, sheep, swine and poultry will be placed before the visitors. Four harness races are on the program for each day and the last day there will be dirt track races. Then, there will be airplanes with exhibition flights.

# A Checking and Deposit Account

For a Pain around the Heart after Eating.

TAKE

PEPSINCO

Sometimes in front just under the heart, sometimes around under the left side, under the ribs behind the heart it's a sharp or acute pains; sometimes a dull heavy pain, leaving soreness. It's gas on the inside generated through gaseous foods, or, because of systematic inability to properly assimilate the food, this gas soon collecting, forms a lump that causes the pain. This is only one of a dozen different indications which PEPINCO immediately relieves. Keep PEPINCO handy and take it the next time.

Ask your druggist—he sells and recommends Pepsinco.

FOR SALE—Bicycle in good condition. Brand new tire on rear wheel. Morrow coaster brake. Will sell for \$17.50 if sold at once. Phone 1269. 118tf

FOR RENT—Good house, reasonable rent. Mrs. C. H. Gilbert. 131tf

FOR RENT—4 room house, 1031 N. Harrison. Phone 1891. 124tf

A Fertilizer Bargain

MANURE, properly handled, is worth several dollars a ton. It replaces some fertilizers you would otherwise buy and it makes the soil rich in humus.

But to prevent rain from leaching out its nitrogen and potash, its most valuable content, you need a concrete manure pit. With a pit there is practically no loss.

Let us show you plans and give you a cost estimate for a concrete pit that will save the half that now goes to waste in the barnyard. It is a small investment but a big saving.

HIGH PRICES ARE REFLECTED IN N. Y.

Transactions Have Been so Heavy in Recent Weeks That Extra Holidays are Necessary.

TRADING IS VERY ACTIVE.

Naturally With Such Demand for Issues of all Character, Prices Must Mount.

New York, Aug 16.—High prices of foods and products of factories are reflected nowhere better than in the New York stock market, where transactions have been so heavy in recent weeks that extra holidays, in addition to the Saturday half-day have been necessary to allow clerks to keep up with the business.

Starting last March trading has been so active that rarely a day has passed when shares sold did not reach the million mark, and on occasions the number has gone above 2,000,000. And rarely has the market been "over-sold", a condition reached when shorts sell so heavily that it is difficult for them to cover by purchases.

Naturally, with such a demand for issues of all character it follows as a matter of course that prices must mount. And mount, they have.

The day before the world was plunged into war—July 30, 1914—stocks which now are selling at far more than \$100 a share, could be obtained for a bare fraction of that figure. Common stock of the International Mercantile Marine, for instance, could be picked up in Wall street before the start of hostilities at a few dollars a share. It has gone above 60 since that day.

One great factor in the continued and steady advance of all classes since that time has been the phenomenal riches ground out in the factories that produced war munitions. Millionaires were made overnight.

The public heard of these things and wanted to get in. They outnumbered the professional traders. And then along came the oil stocks, with the development of the great Ranger field in Texas. Oil stocks began to soar.

Persons who never dreamed they would have better than a weekly salary have invested their savings in some security and have come out rich. The effect was dramatic. The street has been full of outside traders.

Of course, the rich ones are greatly outnumbered by that saddened

URGED TO SEE J. P. STECH

Woodmen Going to Log Rolling Should Arrange For Transportation

Modern Woodmen who intend to go to the State Log Rolling, next Wednesday, Aug. 20, and have not already made arrangements for conveyances, should see J. P. Stech, clerk, on or before Monday night, so that transportation can be arranged for them. Everything points to one of the greatest gatherings of Modern Woodmen ever held by the members of this state. Prizes amounting to \$350 are to be awarded in the different contests to be held during the day; and at night a class of over one hundred candidates will be initiated by one of the best degree teams in the state. A large number have signified their intention of going from here.

horde which has lost its all in Wall street speculation, but the glamor of the dollar always calls more.

And, while outside speculation is easing up and things gradually more normal, there still is an influence that bids fair to keep prices very high merely by the process of supply and demand for shares.

Big Lot of Hay Fever Jokes

But Kentucky Man Says—"People Who Belong to Hay Fever Colony are Kidding Themselves"

Wouldn't Be Any Rose or Hay Fever if Simple Home Remedy Was Given a Chance.

"Yes, there's a real NINETY-NINE per cent effective remedy for hay or rose fever," frankly states a druggist in a prosperous Kentucky city.

"But I don't expect anyone to believe me, because the treatment is so easy and the cost not worth mentioning."

"The annual crop of hay-fever jokes would be mighty scarce if people would get an ounce of Mentholized Arcline and by just adding water that has been boiled make a pint of liquid that will prove a real help to all who suffer."

"Many of my hay-fever friends tell me that by starting to gargle and sniff or spray the nostrils a few times a day the expected severe attack often falls to appear and in cases where it does show up is very mild and does not annoy."

"The Better Class of Pharmacists" who dispense Mentholized Arcline say it will greatly modify any attack even when taken three or four days after hostilities begin.

Go to a real live druggist when you get ready to make a pint.

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keep mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, run-down, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

## RED CROSS DRIVE IS STARTED FOR MEMBERS

Campaign For \$15,000,000 Throughout the U. S. Will be Concentrated Between Nov. 3 and 11

### SERVICE TO AMERICANS. AIM

With the naming of Mackenzie R. Todd as campaign manager, D. C. Dougherty acting manager of the Lake Division, American Red Cross has formally launched the Red Cross drive for members and funds in Ohio, Indiana and Kentucky.

Actual enrollment of members and a campaign for \$15,000,000 throughout the United States will be concentrated between November 3 and 11, Armistice Day.

"This \$15,000,000 will be used to carry to a conclusion our Red Cross obligations assumed during the war in countries overseas," says Mr. Dougherty who also quotes Dr. Livingston Farrand, chairman of the executive committee of the American Red Cross in saying that these obligations are nearing an end. However, it is the national Red Cross plan, now, to devote its chief attention and energy to the development of a clearly defined home program, which already includes systematic preparedness for disaster relief, a wide-spread nursing plan, continuing of Home Service operations and an active Junior Red Cross.

"It is the primary object of the American Red Cross to be of service to Americans," is the way Dr. Farrand sums up the situation.

### COUNTY PIONEERS MEET.

Centerville, Aug. 15—The Wayne county Association of Pioneers held its annual meeting here today. The first meeting was held in 1859 and the members have convened, every year since that time. Oliver D. Morton, Indiana's war governor, was instrumental in founding the association.

## FIRE PREVENTION IN MOVIES AT STATE FAIR

Those Seeing The Pictures Will Better Understand Why Indiana's Fire Loss is \$7,000,000

### DISPLAY FIRE PREVENTATIVES

Indianapolis, Ind., Aug. 16.—Visitors to the State Fair this year will be treated to an unusual exhibition. The State Fire Marshal has had space set off in the old Art Hall where he will throw a free moving picture show.

"The Fire Demon" one of the fire prevention films to be run, pictures such fire hazards as the defective flue, the rubbish-filled basement, the over-heated electric iron and tells in a most effective way how these and many other hazards can be corrected. Other interesting films will be run.

Those who see these pictures will better understand why Indiana has an annual fire loss of six to seven million dollars, and how it is possible to eliminate many fire causes.

It will show why it is dangerous to permit accumulations of rubbish, waste paper and oily rags; why kerosene and gasoline should be handled with the greatest care; why matches should be kept out of reach of children—in short it will show, by the application of rules of caution, 75 percent of our fires can be prevented.

In addition to moving pictures the State Fire Marshal will also exhibit at the State Fair various kinds of fire prevention appliances, including chemical extinguishers safety cans waste cans, and many other devices; also different types of non-inflammable roofing and fireproof building materials.

### APPOINTED TO WEST POINT

Mrs. William Shanahan has received word that her brother Joseph Toolen, of Anderson, received an appointment to West Point and has passed the examination successfully.

## ONLY 137 DAYS UNTIL CHRISTMAS

All People in Partnership With Santa Claus are Working to Get Their Wares Ready.

### NEWEST PARTNER IS JAPAN

In Common With Everything Else Toys Will Cost Considerably More Than Last Year.

(By United Press.)

New York Aug. 16—Only 137 more days before Christmas.

So the toy makers, the candy manufacturers, the fiction writers and illustrators, and all others in partnership with Santa Claus, are working at top speed to get their wares ready for the holiday season.

The toy factories, humming with industry, are turning out the most varied assortment of amusement devices in their history—but anything of a martial nature is banned. The manufacturers are proceeding on the theory that youngsters, as well as their elders, are tired of war.

Santa Claus' newest partner appears to be Japan. Dealers said today that country will run a close second to the United States in turning out toys. The question of whether Germany and the saint will resume diplomatic relations appears to be an open one. Most dealers, however, declare their opposition to admitting German toys at this time.

In common with everything else, toys will cost considerably more than last year—about twice as much as before the war.

With the ban off sugar, candy makers are confident there will be a record demand for their products this Christmas, and are making preparations accordingly.

Magazine editors are accepting and rejecting—mostly rejecting—Christmas stories and pictures. Printers are increasing their stocks of Christmas cards.

Poultry dealers refused to commit themselves as to how much the Christmas turkey will cost, but frankly admitted they can see no chance for a decrease from last year's price.

Out of the wooded hills, the evergreens are utilizing these hot days to add enough to their height and spread to qualify as Christmas trees.

Everywhere in the United States the Christmas spirit, though still hidden beneath half a calendar, is lusty and growing.

## BOY STEALS PURSE WITH 7 DOLLARS IN IT

Youth Whose Name is Withheld for Present on Promise to Reform Forced to Return Money

### INCIDENT AT CLARKSBURG

A young man hailing from Rush county was caught in bad at Clarksburg Friday by W. W. Grose and compelled to give up a purse and \$7, which he had "swipped" from the Miller boarding house, says the Greensburg News.

The young man engaged board there last night, saying he had work on a farm near by and expected to be there for some time. Mrs. W. W. Grose took supper there last night, and carelessly laid her purse containing \$7 in cash on a bed.

When she returned from the dining room the purse had disappeared. The young man was suspected and when met on the street there at noon today by Mr. Grose he denied having any knowledge of the missing money.

Whereupon Grose seized him and gave him a good shaking and demanded that he produce it. The fellow then came across.

In order to protect the reputation of the young man, who has promised to do better, his name is withheld for the present.

Merle Maupin of Crawfordsville, formerly of this city, who is visiting here, has consented to play the pipe organ at St. Paul's M. E. church at the regular services tomorrow morning, it was announced today

### New Salem

Lon Ryan has purchased the Mitchell property which has been occupied by John McKee and family.

Mr. and Mrs. A. J. Perkins, Elvin Perkins, of Lebanon and Mr. and Mrs. Earl Matney of near Laurel motored to Newcastle Wednesday and attended the fair.

Among those who have been attending the cabutauqua at Rushville from here are Mrs. Charles Fisher and daughter Margaret, Mrs. Mont Stewart and daughter Ruby, Miss Beulah Murphy, Mrs. D. D. Barber and daughter Beryl and Miss Minnie Miller.

Miss Kathleen McKee and Miss Lon Moore returned home Tuesday from a ten days visit at Winona Lake.

Miss Merle Spacey who has been spending her summer vacation at Winona Lake, has been visiting home folks for a few days.

Russel Logan, Franklin Norris, Payne Spencer and Dwight Carney who are visiting friends at Winona Lake, will return home Saturday.

The Willing Workers of the M. P. church gave a pitch-in dinner in honor of Mr. and Mrs. Fred Kennedy at their home Wednesday. Mr. and Mrs. Kennedy are to leave soon for Alabama.

The New Salem school will begin the 15th of September. The grade teachers will be Miss Minnie Miller, Miss Merle Spacey and Clifton Mitchell. Mrs. Morton will be the principal and as yet the other teachers have not been selected.

O. J. Cooke of Richland township attended the Newcastle fair Thursday.

Elvin Perkins of Lebanon, Ind., has been spending the summer at the home of Mr. and Mrs. A. J. Perkins.

### MACHINE SPINDLE BREAKS

Marcus Kendall of Glenwood Escapes Injury in Accident

A roadster driven by Marcus Kendall of Glenwood, was damaged considerably this morning, when the spindle of the left front wheel broke and before the machine could be stopped, the wheel had been thrown back underneath of the left side of the car, tearing the running board into pieces. The occupant of the car was not injured, and as it was traveling at a moderate rate of speed, no more serious injury resulted. The accident happened at the corner of Third and Spencer streets, and the fact that the wheel was thrown under the machine, probably saved the car from being thrown into the ditch at the south side of the street.

### TEN INJURED AT COAL ISLAND

Belfast, Aug. 16.—Ten Nationalist excursionists were injured during a fight Friday with Orangemen at Lisburn, County Down. Serious rioting also occurred at Coal island, County Tyrone.

## Scorched!

It will happen at times under the eyes, even of the most responsible of "home cleaners."

It may be an overheated iron, or momentary forgetfulness—but the damage is done. The garment may be scorched beyond all further usefulness. At the very least a mark is left that no washing can ever erase. Such scorching occurs in the home because irons must be heated by fire and electricity that attain high temperatures.

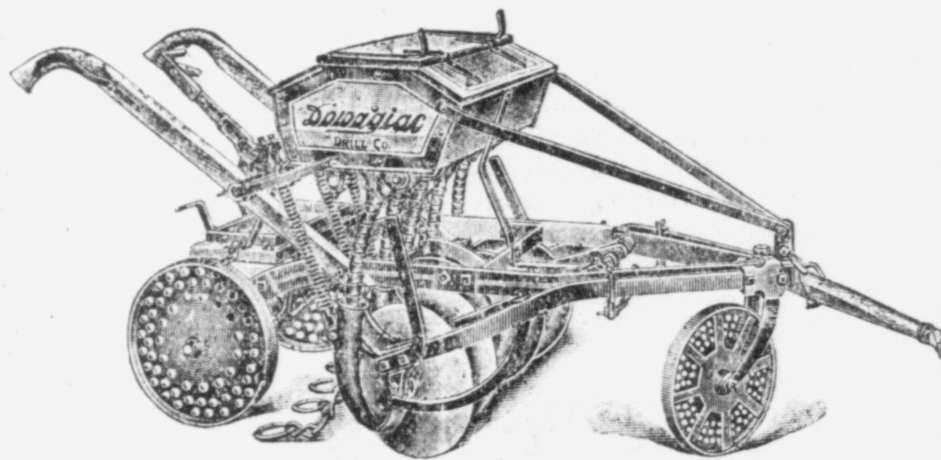

But it can not take place when you send your garments to us.

Our presses are heated by steam which never becomes hot enough to scorch. If you were to hold a gossamer silk over the steaming spout of your hot water kettle, the steam would not damage the fabric. The same methods are used by us.

With its help we are able to give a beautiful lustre to your work with never a brown-tinted scar to mar it. Garments are thoroughly dry cleaned by us and then given over to the steam presser, which insures the best of work.

REPAIR WORK A SPECIALTY WITH US.

**XXTH CENTURY CLEANERS & PRESSERS**  
Phone 1154

## Dowagiac Steerable One-Horse Disc

They are SELF-GUIDING and follow the horse perfectly on short turns or between crooked rows without guiding from the rear.

They are STEERABLE without lifting by the operator. Pressure on one of the handles or the operator shifting his position, when riding on the box immediately changes the course to that side.

They are ADJUSTABLE both as to width of rows and as to depth of sowing.

They are UNIFORM depositors of seed by means of independent and adjustable spring pressure on each disc.

They are CONVENIENT in transportation to and from the fields. One lever raises the discs and the drill is carried on the castor wheel in front and the drive wheels in the rear.

## Canned Meals for Chautauqua Week

For a quick meal during Chautauqua Week we are prepared to furnish the best in Canned Foods—Soups, Meats and Vegetables all ready to serve. No necessity for rushing home from the afternoon program to prepare the evening meal so that you may get back in time for the evening program. Just have on hands a variety of our canned goods and you will have everything necessary for a satisfactory meal in short order.

Boiled ham, dried beef, minced ham, bulk peanut butter, sweet and sour pickles, baked beans, Heinz spaghetti, potted meats, potted tuna, salmon paste, salad dressings, mustard dressings, olives, plain or stuffed, minced clams, clam chowder, shrimp, crab meat, lobster, mushrooms, pimento—these are only a few of the many things you may buy from us that are quickly prepared and help make a dainty meal.

NOTICE—Beginning Monday the deliveries will leave our store promptly at 8, 10 and 3. It will be necessary for your orders to reach us at least ten minutes before the hour in order to be sure of getting them on that delivery. Heretofore we have always taken orders until the hour of delivery, but this will not be possible under the new arrangement.

## NATIONAL GRANGE CALLS FOR REPEAL OF FOOD CONTROL ACT

ays Program Before Joint Session  
of House and Senate Agricul-  
ture Committees Today.

O MORE WHEAT PRICE FIXING

Want Clear Definition of Powers of  
Congress to Deal With Con-  
spiracies to Raise Prices.

WOULD REVISE THE TARIFF

all For Recognition of Producing  
Farmers' Organizations on  
Personnel of Commissions.

(By United Press.)

Washington, Aug. 16.—A program  
calling for the repeal of the war  
ne food control, abolition of the  
control of exports and the enact-  
ment of legislation to protect farm-  
ers, was announced today by the  
national grange, representing 700,  
000 farmers.

The grange plan to be urged upon  
congress is as follows:

Ending of wheat price legislation  
and all price fixing on primary food.  
Removal of all restriction placed  
war productions by congress, in-  
cluding the food administration act.  
Clear definition of the constitu-  
tional power of congress to deal  
with hoarding conspiracies to en-  
hance prices.

Removal of all internal revenues  
on food products.

Revision of the tariff schedule in  
effort to protect the farmer.

Recognition of organizations of  
producing farmers in making up of  
e personnel of committees, boards  
commissions to direct the en-  
forcement of the existing and pro-  
posed laws.

This program was laid before the  
joint session of the senate and house  
agriculture committees today by the  
national grange representatives.

They stated they were supported  
whole or in part by other farm  
organizations.

"The effects of legislation, which  
may reduce prices the farmer will  
receive for his grain, live stock  
and dairy products, would be de-  
pressed production," Charles Ly-  
man, secretary of the national board  
of farm organizations, said today.

"The farmer will simply quit pro-  
ducing only enough to support him-  
self."

"We feel it our patriotic duty to  
advise as to the effect of such  
laws," Lyman announced.

**FAVORS REVISED DRY BILL.**  
(By United Press.)

Washington, Aug. 16.—The senate  
judiciary committee today ordered  
the favorable report on the revised  
prohibition enforcement bill. The  
committee's action was taken with-  
out record vote.

**HOGS TOP THE MARKET**

C. B. Daubenspeck topped the  
Indianapolis market with a load of  
Hampshire hogs on Wednesday  
and received a ten-cent premium be-  
cause of their quality. The top  
price on that day was \$23.00.

**BERTHA FARNER COMPANY**

**BIGGEST HIT OF SEASON**

The representative of the  
Coit-Alber bureau, Mr. Bick-  
nell, who sold the majority of  
the talent at this year's chan-  
taunqua, says that the Bertha  
Farner Concert company, Fred  
G. Bale and Will M. Taft have  
been the biggest hits of the  
chautauqua platform this sea-  
son and advises all who can to  
hear Miss Farner and assist-  
ing artists at the chautauqua  
tonight. Everybody was pleased  
with Judge Bale who lectured  
Tuesday afternoon.

## U. S. Agents Seize Food in Many Cities

Officers of John F. Campbell Co. of  
Chicago Arrested For Profiteering  
In Sale of Sugar. Coal Combine  
In Indiana is Alleged.

(By United Press.)

Chicago, Aug. 16.—John F.  
Campbell and John E. Bunker, offi-  
cers of the John F. Campbell com-  
pany here were arrested on charges  
of violating the food control act.  
The warrants alleged two enact-  
ments of undue profiteering in the  
sale of \$40,000 worth of sugar  
purchased from Arbuckle Brothers  
of New York at \$8.22 per 100  
pounds, for \$13.00.

**Seize Food in Storage**

San Diego, Calif., Aug. 16.—A  
United States marshal seized a large  
quantity of eggs, butter and cheese  
today. G. L. Richards, president of  
the San Diego Ice and Cold Storage  
company, ordered the men not to  
release any of the products taken  
under the seizure by the federal au-  
thorities to any of the owners.

**46,026 Cases of Eggs Taken**

St. Louis, Aug. 16.—Federal au-  
thorities today ordered the seizure  
of 46,026 cases of eggs, 30 dozens  
to the case, alleged to be held by  
owners in the plant of the Mound  
City Ice and Cold Storage company  
here.

**Hoarded Since April 1**

Detroit, Mich., Aug. 16.—Eggs  
and butter worth \$442,670, alleged  
to have been hoarded since April 1,  
were seized by federal agents here  
today at the Detroit Refrigerating  
company's plant.

Two concerns well known in the  
central west—the Fox River Butter  
company and H. L. Brown company  
—are said to be the owners of the  
food.

**75,000 Pounds of Beans Held**

Kansas City, Mo., Aug. 16.—Pa-  
pers to permit seizure of about  
75,000 pounds of beans stored in a  
warehouse here, was to be issued by  
the United States district attorney,  
Wilson as the first move by the gov-  
ernment authorities in the cam-  
paign against food hoarding and  
profiteering here.

Wilson said that this was "a vic-  
ious case of hoarding" because the  
beans were held through the active  
part of the war when the need of  
foodstuff was great.

Seizure of the beans were to be  
made under the Lever act it was  
stated.

**To Investigate Storage Houses**

Washington, Aug. 16.—Officers of  
the department of justice planned  
investigation today of storage  
houses which are holding butter,  
eggs, dairy products and poultry at  
an increase from 20 to 229 percent  
since last year.

Exact data on the holding of all  
products in storage houses in the  
country are now in possession of  
the bureau of markets which has  
just finished a careful survey.

**Coal Combination Alleged.**

Indianapolis, Ind., Aug. 16.—An  
investigation into coal prices in In-  
dianapolis which may spread  
throughout the state, was opened  
today by Charles Tighe, special agent  
of the department of justice in  
charge of the high price investiga-  
tion.

Tighe said he believed he has con-  
crete evidence of combinations of  
retailers for restraint of trade.

He said it was particularly no-  
ticeable in cases where prices of one

## MANY FROM HERE ATTEND

Funeral Services for Charles E.  
Francis Held Yesterday

Funeral services for Charles E.  
Francis, who died at his home Tues-  
day night in Cincinnati, were held  
yesterday afternoon at two-thirty  
and burial was made in a cemetery  
at Cincinnati. Among those who  
attended the funeral were several  
from this city, including Mr. and  
Mrs. Will Hill, Carl L. Gunning, Mr.  
and Mrs. Harry G. Francis, Mr. and  
Mrs. George Greisser, Herman  
Saunders and Clifford Gottman. The  
Charles E. Francis Company fac-  
tory, which has been closed on ac-  
count of the death of the senior  
partner, will resume work again  
Monday.

## MASONS HOPE TO BEAT LAST YEAR'S RECORD

Will Try to Take Larger Crowd on  
Annual Visit to State Home at  
Franklin Sept. 14.

COMMITTEES ARE SELECTED.

Members of Phoenix Lodge No.  
62, F. & A. Masons, are hoping to  
make a splendid showing on the oc-  
casion of their annual visit to the  
state Masonic home at Franklin  
Sunday, September 14. Preparations  
are being made to surpass the  
record established last August when  
Phoenix lodge sent the largest de-  
legation ever at the home, repre-  
senting one lodge, and made the largest  
contribution.

The committee on arrangements,  
composed of Howard Carmichael,  
Amos Baxter and R. E. Harold, has  
arranged for return postal cards to  
be sent to every member, asking  
them if they can go, and if they  
will supply an automobile. Ezra  
Hinkle has been appointed chair-  
man of the automobile committee  
and will name his assistants. Dr.  
Frank M. Sparks will be in charge  
of the musical program. No speaker  
has yet been obtained.

Phoenix lodge gave \$150 when  
Rushville Masons visited the home  
last year. Other lodges in this  
vicinity are also invited on the same  
day as Phoenix lodge this year.

## VOTE TO DETERMINE NEED OF MILITIAMEN

If Striking Workmen of Standard  
Steel Car Co. Return to Work,  
They Will Not be Called

FOUR COMPANIES ARE READY.

Hammond, Ind., Aug. 16.—The  
result of a vote being taken by strik-  
ing workmen of the Standard Steel  
Car company, whether to return to  
work, will determine whether or not  
state troops will be called out to  
quell disturbances between strikers  
and strike breakers, Sheriff Barnes  
of Lake county said today.

Four companies of militia are now  
being held in readiness. They are  
from Gary, Elkhart, Terre Haute  
and South Bend, Barnes announced.

The request that troops be held  
available to come here was made by  
Lewis Barnes, the county sheriff.  
The units to be sent, in case of need,  
Mr. Barnes said, were from Gary,  
Elkhart, Terre Haute and South  
Bend.

The strikers were voting today as  
to whether or not they will return to  
work. In the meantime, pickets  
were on guard at the plant. In case  
the men return, it is expected that  
there will be no further trouble.  
Practically all the strikers were born  
in Europe, and many of them have  
slight knowledge of the English  
language.

## COUNTY FARMERS ASKED FOR \$2,500

Quota is Fixed For Indiana Federa-  
tion of Farmers' Associations  
Campaign

D. C. BUELL LOCAL CHAIRMAN

Plans to Federate With State Body  
Will be Made at Meeting  
Here Wednesday.

D. C. Buell, living east of the  
city, has been named county chair-  
man, and Howard Ewbank, north-  
east of Rushville, secretary, for the  
campaign to raise the county's quota  
of \$2,500 on the guarantee fund of  
\$200,000 which farmers of Indiana  
are being called upon to subscribe  
to protect the interest of farmers.  
The Indiana Federation of Farmers'  
Associations is back of the cam-  
paign.

Officials of the state association  
are counting on Rush county to  
make a good showing in the cam-  
paign, which is being waged with  
great vigor just now. A silver cup  
has been offered as a prize to the  
first county which subscribes its  
allotment, and a banner will go to  
the second county in the state to  
raise its share of the fund.

The officers of the Rush County  
Farmers' Association having been  
pleased with the conservation of the  
state federation have arranged for  
a preliminary meeting in the sheriff's  
office at 2 p. m. Wednesday, Aug.  
20, to discuss plans of reorganiza-  
tion and to federate with the state  
federation. They are inviting all in-  
terested farmers to attend.

L. M. Vogler of Hope, director of  
this district of the state federation,  
and Geo. E. Allen, organizer, have  
promised to attend the meeting and  
explain the plans and purposes of  
the association, and arrangements  
will be made to attend the district  
meeting at Shelbyville.

The first week of the drive has  
convinced Association leaders that  
the campaign will be successful.  
They began work last Monday  
morning confident that Indiana farm-  
ers would get together. Today,  
with a week's series of meetings  
completed and reports at hand from  
county chairmen throughout the  
Continued on Page Two

## POSTAL OFFICIALS EXPECT BIG BUSINESS

Sale of Surplus Army Food Will  
Start Monday Morning and  
Continue Only 3 Days

PLANS FOR BLANKETS' SALE

Postal officials are expected to do  
a "land-office" business the first  
three days of next week when or-  
ders will be accepted for surplus  
army food which will be sold to the  
public at cost plus parcel post  
charges. All food will be sold in the  
original package, cases, bags or  
sacks, as the case may be, and  
parcel post charges will amount to  
six cents a pound and two cents for  
each additional pound, because it  
will be shipped from Chicago, the  
third zone.

A dispatch from Washington to-  
day says that army blankets which  
will be sold by the war department,  
will not be disposed of through the  
postoffice department, as it was ex-  
pected they would be, but will be  
made available to all communities  
through bulk sales to municipalities.  
The blankets are wool, cotton and  
mixed fabrics, numbering approxi-  
mately two million, and the prices  
will run from \$6 for new, all wool  
blankets to \$1.25 for reclaimed cot-  
ton blankets.

## WILSON OPPOSED TO A COMPROMISE

President Even Discourages Discus-  
sion With Republicans of Amen-  
ments to Treaty

TALKS WITH SEN. HITCHCOCK.

Says Democrats Must Concentrate  
Efforts Now to Defeat all Plans  
For Reservations.

(By United Press.)

Washington, Aug. 16.—All efforts  
by democratic senators to agree  
with republicans on a program of  
reservation to the peace treaty were  
abandoned today, as the result of  
word from President Wilson.

The president in a talk with Sen-  
ator Hitchcock, senate administra-  
tion leader, strongly discouraged  
even the discussion by democrats.  
He made it plain to Hitchcock that  
in his opinion the day for discussion  
of reservations is a long way off.

What democrats must concentrate  
their efforts on now, in the presi-  
dent's opinion, Hitchcock said, is  
defeat of all propositions to amend  
the treaty.

At the president's suggestion,  
therefore, Hitchcock will begin a  
drive next week in the senate  
against the acceptance of amend-  
ments.

While there is general recognition  
of the sentiment for acceptance,  
there are not enough votes in the  
senate to make general textual  
amendments, the president is said  
to feel that the slightest possibility  
of amendment of any section—the  
crossing of a T or the dotting of an  
I, must be removed before any ef-  
forts to consider reservations are  
made.

Whether newspaper correspond-  
ents will be admitted to the White  
House conference Tuesday when the  
foreign relations committee meets  
President Wilson still was undeter-  
mined today. Chairman Lodge said  
he had no objection, but felt the  
president should decide. Official  
stenographers have been provided,  
however, to give the public the de-  
tails of the discussion.

Neither the senate nor the for-  
eign relations committee was in ses-  
sion today. On Monday the commit-  
tee will reopen its hearings on the  
treaty.

Chairman Lodge is understood to  
be in sympathy with the move for  
early action by the committee and  
it is thought examination of wit-  
nesses next week may be hastened  
and no more called.

One of the many conference was  
held late yesterday at Mr. Lodge's  
office and Senator McNary was pre-  
sent. It was said to be the first  
time the two had gone over at length  
the reservation question. Senator  
Hitchcock also talked with Senator  
McNary before going to the White  
House, and during the day several  
republican members of the foreign  
relations committee went over to-  
gether the senate situation.

Following his talk with Mr. Wil-  
son, Senator Hitchcock said:  
"In the end a compromise may  
become necessary," but he added,  
"the president is not sure reserva-  
tions must be accepted, and at any  
rate will not cross that bridge now."

Reservations are regarded by  
President Wilson as likely to be em-  
barrassing, Senator Hitchcock said.  
Their adoption would indicate, in  
the president's view, that the United  
States has little faith in the  
treaty.

Senator Hitchcock in his speech,  
next week, in the senate, will point  
out, he said, as the president did in  
their talk yesterday, that amend-  
ments would mean that the United  
States would lose the benefits con-  
ferred by the treaty. He cited ac-  
cess to German dyestuffs as an ex-  
ample.

Amendment in the president's  
Continued on Page Three

## AFTERNOON CROWD BEATS INNES BAND

Attendance For Ace's Lecture And  
Opera Co. Prelude Larger Than  
Friday Last Year

DAVIES COMPANY POPULAR

Comic Opera "Olivette" is Heard by  
Audience Filling Coliseum—To-  
morrow Last Day

(By United Press.)

Tonight  
8:00 p. m. Grand Concert—  
Miss Bertha Farner and Com-  
pany.

Sunday, August 17.

2:00 p. m. Concert—Bostonia  
Sextette Club.

3:00 p. m. Lecture-Sermon—  
Bishop Theodore S. Hender-  
son.

7:45 p. m. Concert—Bostonia  
Sextette Club.

8:30 p. m. Lecture-Sermon—  
Bishop Theodore S. Hender-  
son.

The Davies Light Opera company,  
which appeared twice at the chan-  
taunqua yesterday, was all that the  
advance notices said of it—and then  
some. The attendance last night  
was equal to that of Wednesday  
night, when the Dixie Jubilee Sing-  
ers gave a concert, and was almost  
as great as Friday of the chautau-  
qua last year, when Innes' band was  
here.

The single admission for the band  
was 50 cents, and yesterday it was  
only 35 cents but the gate receipts  
yesterday afternoon were greater  
than the afternoon receipts a year  
ago. Many people remained on the  
grounds, however, so that the night  
receipts fell \$125 short of Friday  
night last year.

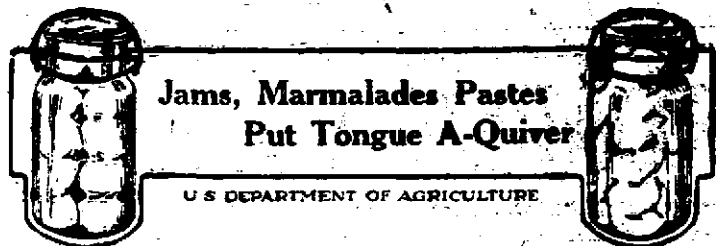

The Bertha Farner company gave  
the prelude this afternoon, follow-  
ed by the lecture by the platform  
manager, E. J. Llewellyn. Miss Far-  
ner, the celebrated grand opera star  
will appear in the concert tonight at  
eight o'clock. Miss Farner, a so-  
prano of rare beauty and exception-  
al gifts as a singer, has had a wide  
experience in concert work in Am-  
erica and abroad and was singing  
in Europe when the war broke out.  
She volunteered at once as a nurse  
and worked tirelessly for seven  
months, when she had to return  
home because of a nervous break-  
down. Miss Farner is appearing this  
year with Leonid Samoloff, the Rus-  
sian tenor, and assisting artists.

With the indications for fair weath-  
er tomorrow, everything points to  
a record crowd for the closing day  
when Bishop Henderson lectures  
twice and the Bostonia Sextette ap-  
pears in two preludes. The marvel-  
ous attendance this year gives as-  
surance that the last day will bring  
out the largest crowd of the assem-  
bly.

Shelbyville remained loyal to its  
son—Harry Smith of the Davies  
company—and sent a big delegation  
here for the concert last night. The  
presentation of the comic opera  
"Olivette" met with great approval  
from the audience. The part of the  
comedian was taken exceptionally  
well by Harry Davies, who heads  
the company and who received most  
of the applause. Each member of  
the company in solo work, proved  
an artist of rare ability and the  
quartets and ensemble numbers were  
especially pleasing. The extra quar-  
tet numbers by the four men of the  
company were the signal for pro-  
longed applause and repeated en-  
cores.

The chautauqua audience yester-  
day afternoon had the privilege of  
hearing a lecture by one of the 65  
American Aces—a lecture which  
was well worth anyone's time, and  
although it was a hot afternoon,  
Continued on Page Four

# Jams, Marmalades Pastes Put Tongue A-Quiver

U. S. DEPARTMENT OF AGRICULTURE

Jam can be made of small fruits not whole or uniform enough to use for preserves. No attempt is made in jam to retain the original shape of the fruit. The finished product has a uniform consistency. Marmalades have a more jelly-like texture and thin slices of the fruit ap-

pear suspended throughout the mixture. In fruit butters and pastes less sugar is used than in jams, and the products are more concentrated. Jams and pastes utilize to the best advantage the crushed and broken fruit which has been injured in handling or is too ripe for jelly making

for jams and pastes, for pectin is not necessary as in jelly or marmalade making. For variety, different fruits may be combined into one jam. A mild and a tart combination is usually best. Strawberries and pineapples, peaches and pineapples, raspberries and currants, are

Shells for the new war—attacking the cost of living.

and preserving also make excellent jam and paste. Do not use decayed or spoiled fruit for any purpose. Any variety of fruit may be used

three-fourths as much sugar as berries is the most common proportion, but with fruits which are rich in natural sugars less may be used.

Testing glass jar point to insure perfect seal.

any variety of fruit may be used

three-fourths as much sugar as berries is the most common proportion, but with fruits which are rich in natural sugars less may be used.

## Notice to Swine Raisers

I wish to announce that I have completed arrangements with an old established firm to secure Anti-Hog Cholera Serum and Virus produced from hyper-immune hogs and pigs coming from a section of Nebraska which is comparatively free from Swine Plague, Haemorrhagic Septicemia and various mixed infections which have been very prevalent in this section of the country. From my investigations, I am firmly convinced that the use of this product will reduce the chances of hogs coming down with the above infections to a minimum.

P. S.—Orders for this serum and virus placed with me in the evening will be here ready for administration the next morning. Fresh serum all the time.

Very respectfully,

H. O. Elliott D. V. M.

Rushville, Ind.

When the mixture has boiled to the proper consistency, place the jam in jelly glasses or pint containers. These should have been boiled for 15 minutes before filling. Pour hot melted paraffin over the surface when the jam is cool. If the jam is placed in pint containers, screw on boiled top immediately after the jar is filled.

Marmalades require fruit which has pectin. When finished, the fruit should appear in small pieces through the jellylike mixture. For marmalade, prepare the fruit, cut in small pieces or slices (if large fruits are used), and boil in a sirup until the whole mass is of a jelly consistency. It may be put into jelly glasses or pint jars.

Fruit pastes are made from the edible portion of fruit which, after cooking, has been passed through a sieve and then cooked until the excess water is driven off. Only a small amount of sugar is required. A combination of different kinds of fruit pulp makes a delightfully flavored paste. When the pulp is boiled down until very thick pour in one-half inch layers upon marble or glass slabs or on a platter. Place where there is a strong circulation of air and allow paste to dry for two to three days. When it is sufficiently dry, cut into one-inch squares. Roll in granulated sugar and place again in a draft. Paste may be packed in tin boxes, glass jars or paraffin-coated containers—United States Department of Agriculture.

## JOHN DAGLER DRIVES SINGLE G. FAST MILE

Former Rushville Boy Breaks Newcastle Half-Mile Track Record With Stallion.

### REGULAR DRIVER WAS AWAY

John Dagler, former Rushville boy and son of William Dagler of this city, drove Single G., 1:59.1, the sensational Cambridge City stallion, a mile in 2:04.1 over the half-mile track at the Henry county fair at Newcastle yesterday afternoon, thereby breaking the track record and almost equalling the state half-mile track record of 2:03.1.

Will Galuhgan, race horse authority, says that Dagler had never driven Single G. before, but that he did a neat bit of teaming when he rode the fast mile. Harry Stokes, who has driven Single G. in his last two races, was unable to get to Newcastle, having a couple of races at Springfield, Ohio, yesterday, so W. R. Bapfoot, owner of the stallion, selected Dagler.

There was no runner on the grounds to prompt Single G., but the pacer, Dale Hammingbird, 2:11.1, a very fast but rather erratic pacer that had been left at the post in the first heat of the 2:14 pace, accompanied the Cambridge City wonder in the mile, that is, he went away with him and proved to be a good pacemaker as far as he could keep up the clip. The first quarter was paced in 31 seconds, and the half was reached in 1:03. The five-eighths Single G. pulled away from his prompter and reported at the three-quarter mile pole in 1:34.1. Dagler then called on the bay horse and he came through the stretch like a hurricane, finishing the mile in 2:04.1, the last half in 1:01.1 and the quarter in 30 seconds.

## COUNTY FARMERS ASKED FOR \$2500

Continued from Page One  
State, they are convinced the fund will be put over by September 20, when the campaign ends.

The farmer knows the problems with which he has been contending, said President John G. Brown. "And he readily realizes that the best way to solve them is through organization. Every county meeting we have held, and all the reports received from field workers, indicate that farmers generally welcome the organization plan. They see in it a way to meet the packers and grainmen and food speculators on an even footing, and they see in it the way to improve the science of farm management."

Farmers throughout the State are joining the movement in large numbers. More than that, many of them are turning in as volunteer workers and obtaining new members.

## HOG QUOTATIONS ARE STEADY TODAY

Prices Continue Same in Indianapolis With Receipts 4,500 Less Than Yesterday.

### THE GRAIN MARKET IS EASY

Hog prices remained at the same figure in Indianapolis today with receipts 4,500 less than yesterday. The grain market was easy and cattle continued steady.

bers. We feel here, after the first week's work, that the campaign is bound to win."

Meetings have been held the past week at Vincennes, Salem, DuPont, Brownstown, Newcastle, Winchester, Columbus and Bloomfield with state officers present. Next week's program includes four big district meetings. The first district meeting will be held at Plymouth on Friday with President John G. Brown as the speaker. The third district will hold a convention at Lafayette on Friday, with W. H. Hickman, first vice president and general manager of the campaign, delivering the chief address.

The sixth district meeting is scheduled for Anderson on Thursday, and Lewis Taylor, general secretary of the Federation, will speak. William Bosson, treasurer for the \$200,000 will address the convention of the fifth district workers at Crawfordsville, on Thursday. Besides these district meetings there will be numerous county meetings, some of them arranged as picnics and others held in connection with county fairs.

The August number of "the Hoosier Farmer Organized," the Federation magazine, was received here today. One hundred thousand copies of this issue will be distributed among Federation members, and their reinforcement, the membership and fund campaign.

Miss Ann Seward of Anderson, who was in operation this morning at the Dr. Green hospital for the removal of her tonsils and adenoids.

## Facts About Serum

We are the only firm in Rush County administering Carotid Bled Serum. Carotid Bled Serum means one outright bleeding from the throat of a serum producing hog. Tail bled serum means three bleedings from the tail and in 30 days a final throat bleeding. This tail bled method produces twice the amount of serum and necessitates a larger dose of serum than the Carotid Bled method.

We are willing to hold any test to prove the higher potency of Carotid Bled Serum. Any truthful tail bled serum producer will tell you that tail bled serum produces more serum but is less potent than the Carotid Bled Serum. In the past four years 25 tail bled serum companies have failed. We will gladly compare the official record of our serum firm with any tail bled serum company in the United States.

You know the cost of hogs and can find out how much serum they should bleed. Then if any person is vaccinating for a price that is not reasonable with the cost of production (either too cheap or too high) we state this fact—something is wrong, and worth your investigation. We must state facts to have your confidence. We have not had a single cholera break in 1919.

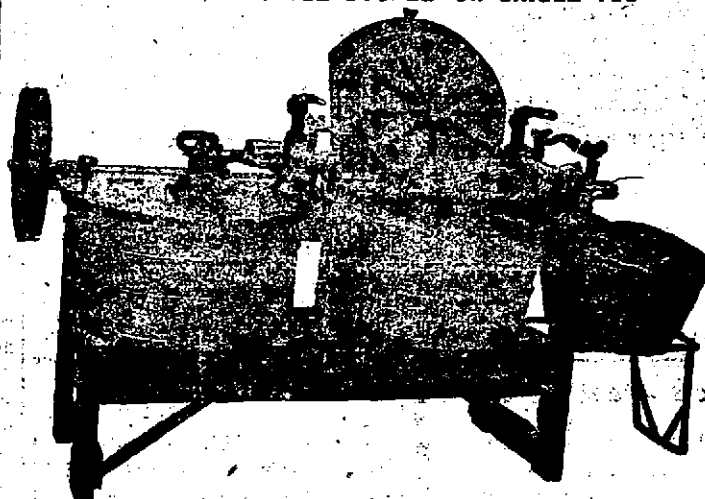

Since our last advertisement fourteen Thorntown Serum users have engaged us to vaccinate their hogs. Facts are facts.

We respectfully solicit your investigation of the foregoing and your patronage.

E. Mitchell of Arizona are taking a two weeks outing at Lake James, Ind.

—The Misses Edna Bever and Louise Sipe, Garrett Ricketts and Stanley Stewart motored to Neweastle and attended the fair Thursday.

—Miss Lucille Roth, nurse at the Culver Union hospital in Crawfordsville, Ind., is the guest of her parents, Mr. and Mrs. August Roth, over the week.

—Mr. and Mrs. Elbert Goddard and two sons, Elmer and Otis of near Mattoon, Ill., are the guests of Mr. and Mrs. A. E. Willis of near Arlington.

—Prof. and Mrs. J. W. Holton of Shelbyville, attended the chautauqua yesterday afternoon and heard Harry Smith sing with the Davies Light Opera Co.

—The Rev. and Mrs. M. O. Johnston of Angola have motored to this city and will be the guests of Mr. and Mrs. Orville Zimmer for a few days at their home in North Morgan street.

—Mr. and Mrs. Ernest Matlock and children have left for their home in Detroit, Mich., after a visit here with Mr. and Mrs. Noah Matlock. They made the trip in their automobile.

—Jess Schaller of Columbus, O., left today for his home after a visit of several days with his uncle and aunt, Mr. and Mrs. Wade Sherman. Mr. Sherman accompanied him to Indianapolis and spent the day.

WILSON OPPOSED TO A COMPROMISE

Continued from Page One

view," said Senator Hitchcock, "would mean that the United States would have to go back to Germany, hat in hand, begging for acceptance of conditions of peace."

"The president said if the senate made it necessary to negotiate a separate peace with Germany, he would send Senators Knox and Lodge to Berlin to make the new treaty."

After his White House conference, Senator Hitchcock said the committee might report within ten days or two weeks. He made it clear that getting the treaty into the senate as soon as practicable was

the present concern of the administration.

Wilson accepted the suggestion of the senate foreign relations committee that nothing of the conference with the committee at the White House next Tuesday at 10 a. m., shall be confidential. In a letter to Senator Lodge, the president said he would have a stenographer at the meeting and suggested that the committee plan to have a stenographer also.

At the White House the stenographer's transcriptions will be made in duplicates and given out in sections as fast as possible. Newspaper men will not be admitted to the conference.

The senate foreign relations committee met today to take up amendments to the peace treaty. Action on any amendment was expected to be delayed, however, until after the committee hears what the president has to say about the treaty. Information to be obtained from him may throw new light on some of the proposals, it was said.

Days Pickings

Lew Gink of this city is recovering from the effects of an operation for the removal of a tumor, at the Gode Samaritan hospital in Cincinnati.

A marriage license was issued this afternoon to Clyde Morris and Florence Quayle Morris. This was their second marriage, having been divorced in 1918. Mr. Morris is a machinist of Morristown and Mrs. Morris has been employed at the Wilkinson bakery.

The condition of Joe Moran, who was operated on for appendicitis at his home south of the city, Wednesday, is said to be satisfactory. It was an emergency operation and was performed by Dr. W. S. Coleman. Dr. Lowell M. Green administered the anaesthetic.

A marriage license was issued yesterday afternoon to Charles Raymond Sefton, son of Mr. and Mrs. Charles Sefton, and Miss Ruth Marie Moore, daughter of Mr. and Mrs. Frank C. Moore. A license was issued this morning to Alfred T. Phillips, son of Mr. and Mrs. George B. Phillips, and Avria S. Dewitt, daughter of Mr. and Mrs. Austin Dewitt. Miss Dewitt, who is 17 years old, was accompanied by her parents, who consented to the license. All of the above parties are residents of this county, and gave their occupation as farming.

U. S. AGENTS SEIZE FOOD IN MANY CITIES

dealer regulate the prices of all other dealers in the city.

In one instance he said a big retailer of Indianapolis boycotted an Indiana mine because the mine operators had been selling products to another retailer here who was turning it over at smaller profit.

That these conditions exist in many Indiana cities is the belief of Tighe. He said if he could cover sufficient ground the scope of the investigation will be spread over the entire state.

Dressed Poultry Stored

Indianapolis, Ind., Aug. 16.—Hundreds of thousands of pounds of dressed poultry are stored in Indianapolis, federal agents learned today. They could not ascertain where it was abnormal but Charles Tighe said if it is found to be they will make efforts to find grounds for prosecution.

WOOD DERAILS CAR

Traffic on the I. and C. Traction line was delayed this morning for about an hour, on account of the six o'clock west bound car, jumping the track at the traction station curve. The car was soon put back on the track, and it was found that a small piece of wood had derailed the car becoming caught in the air brake.

Amusements

**Comedy and Drama at Mystic**

Comedy and drama will be featured on the program at the Mystic theater tonight. J. Warren Kerrigan, who is popular with moving picture house patrons here, will be seen in "The Best Man," a story that is said to be suited to Kerrigan. In addition, a Jewel comedy, "How Charlie Captured the Kaiser" will be shown.

Double Program Tonight

Never have the brilliant co-stars, Francis X. Bushman and Beverly Bayne, had a more enjoyable vehicle than "The Poor Rich Man," which we will show at the Princess tonight. Action, romance and the exhilarating sort of adventure that is both physical and mental, make of this five-act photo-drama a wholly delightful feature. Mr. Bushman plays Vanyne Carter, a "gilded youth" whose father finds a unique way to make him buckle down to work and show the stuff he is made of. Miss Bayne plays sweet Arizona Brown from the west, and she captures Vanyne's heart in unexpected meeting in "Peacock Alley" of a New York Hotel. Both a villain and a clever adventuress do their utmost to make Van fail in the work he undertakes, but with the air of Arizona, he triumphs. The story is "different"—it has humor as well as red-blooded action. Everybody will enjoy "The Poor Rich Man."

Charley Chaplin will also be shown tonight at the Princess for the last time in his latest picture, "Sunnyside," which will make the program a double bill. "Sunnyside" is said to contain many funny incidents and "stunts" which are usually to be seen in a Chaplin comedy.

LOW YIELD OF APPLES IN STATE THIS YEAR

Due to Freeze Late in April Crop Will be Very Uneven—30 Per Cent of Average

QUALITY ABOVE AVERAGE

Lafayette, Ind., Aug. 16.—Due to the freeze late in April the yield of Indiana apples will be light this year. The crop is very uneven, some orchards being a total failure while others in the same neighborhood will produce nearly a full crop. The larger number of orchards have a crop estimated at from 25 to 30 per cent of the average, according to reports received by H. H. Swain, secretary of the Indiana Horticultural Society, who predicts that the fruit will be above the average in quality, due to the extra care given the orchards this season.

Through the efforts of this Society and the Horticultural Department of Purdue University Indiana fruit growers are reaching a high degree of proficiency in the care of their orchards. The result of this work has been clearly demonstrated by the quality of fruit shown at the annual Indiana apple show and it is confidently expected that this year's show which will be held in Tomlinson Hall, Indianapolis, November 4 to 7, will excel all others in this respect.

ARLINGTON MAN SUED.

A suit demanding judgment in the sum of \$100 has been filed in Squire Stech's court by the Goodyear Tire and Rubber Company against William P. Newhouse. In a complaint on an account which is alleged to be unpaid. The amount of merchandise purchased by Newhouse is put at \$71.66 and the plaintiff asks for interest from January 1, this year, and court costs, which in all will amount to \$100, the amount of judgment asked for. Mr. Newhouse is a resident of Arlington, and the plaintiff is an Ohio corporation.

## Lusitania Sufferers Ignored.

Shortly after the sinking of the Lusitania suits against the Cunard company were brought by the relatives of the Americans who lost their lives on that tragic occasion. After a hearing all the cases were dismissed by the court on the ground that the sinking was an act of war on the part of Germany, and that she was responsible for the damage caused. It was intimated that the United States would doubtless make suitable arrangements in the settlement with Germany to compensate those individuals entitled to damages.

When the president submitted the peace treaty to the Senate he took occasion to say, "In the settlements of the peace we have sought no special reparation for ourselves." And that he adhered to that determination with a vengeance is shown by the language of the reparation clauses of the treaty. Therein it is provided that Germany "will make compensation for all damages done to the civilian population of the Allied and Associated Powers and to their property during the period of the belligerency of each as an Allied or Associated Power against Germany."

That paragraph operates to exclude absolutely from any participation in German indemnities all those whose property or relatives were destroyed previous to our entry into the war. The Lusitania was sunk two years before we took up arms against Germany. Hence all claimants for damages are permanently barred from obtaining redress from the party which the court has declared to be solely responsible.

Not only are the Lusitania sufferers and all others who sustained pre-war damages from the hands of Germany excluded from compensation by the specific words of the treaty, but even those who were injured by German violations of international law after our entrance into the war are probably precluded from receiving a share of reparation. Article 237 of the treaty provides that German indemnity instalments "will be divided by the Allied and Associated Governments in proportions which have been determined upon by them in advance."

If there has been any determination by the Powers to give the United States or any of its citizens a share of that indemnity the Amer-

A sassy porter collects the fewest tips.

Cook-book cooking is responsible for a lot of dyspepsia.

It is better to swear by people than to swear at them.

Take care of your liver, and your complexion will take care of itself.

Unpainted women are 100 percent prettier than the painted, but only a few women seem to know it.

Hez Heck says: "A man who marries a girl for her looks will soon be looking for another 'looker'."

People who fascinate others by their charming manners "get by" better than people whose only recommendation is good looks.

ican people have had no word of it, and it is a safe assumption that reparation to our nationals was never mentioned at the peace conference, much less seriously considered.

This failure to secure compensation of any kind for our citizens who suffered from German frightfulness both before and after our entrance into the war, is one of the saddest features of the whole peace parley. German aggression against us on the high seas, in direct defiance of all the tenets of international law, was what primarily brought us into the war. Now in the peace settlements those occurrences have been ignored and have completely given place to attempts at world regulation for the future.

We extend our sympathy, congratulations, and commendation to our friends in congress who have given up their six weeks vacation in order to settle the grave problems which are causing so much unrest in the country just now. We have hopes that something tangible will come out of Washington—something that will stabilize the dollar, return conditions to normal, allay the growing unrest of the people, and sanity out of the chaotic conditions which now surround us.

Now we are told that by 1921 tobacco will also be on the prohibited list. Well, at any rate, we can roll up a devil of a lot of puffs in the five years that are left us—provided we can also dig up the price.

## ENGLAND IS SEEKING REFORMS IN COURT LIFE

London, (By Mail)—The substitution of more or less informal "at homes" for the "starchy" and expensive courts and levees is being seriously considered by King and Queen Mary. During the war presentations at court were few and far between and as a result there is an enormous list of titled and society women awaiting "presentation," either as debutantes or on their marriage, or for one of the numerous reasons laid down by court etiquette. The list of men awaiting the boredom and expense of the old morning "levees" is also considerable.

The tailor's bill for a levee suit runs to over \$500, while the toilette of a debutante at Court runs to practically unlimited figures. A revival of the pre-war garden parties at Buckingham Palace and Windsor, at which there is far less formality and for which an ordinary morning suit or costume suffices, is certain. The recent "Housing Darbar," or "At Home," paved the way for the innovation, and it is understood that such informal gatherings are to be more frequent.

## HUN PRISONERS COMING HOME

Return to Fatherland Will be Accomplished With Customary German Methodical Plans

RECEIVE 50 MARKS EACH

Demobilization of What is Left of Army Will Release 41,000,000 Meters of Cloth.

By CARL D. GROAT  
(U. P. Staff Correspondent.)

Berlin (By Mail)—Germany is preparing for the homecoming of thousands of its prisoners. While their return will probably inflict on the labor market a great new burden Germany hasn't reckoned that in the reckoning and just now is jubilant over the fact that they are soon to be released.

Their return to the fatherland will be accomplished with customary German methodical plans. A complete reception machinery has already been created. A number of stations for delivery in German territory have been erected, and there the homecomers will be officially greeted. From these delivery stations, the prisoners will pass to transfer camps, where they will remain three or four days while they receive military discharges and are examined to ascertain whether they are in need of hospital attention.

Each man will receive 50 marks cash and an additional sum which will permit him to have an eight weeks' vacation. From the transfer camps the men will be distributed to stations nearest their own homes. Provision has been made to furnish all with tobacco, cigars and cigarettes.

As for their future, the government has devised means whereby temporary aid can be furnished each prisoner if he cannot at once find work, but every effort will be made to assist the men to places in the industrial structure.

Demobilization of what is left of the German army will release 41,000,000 meters of cloth, to say nothing of hundreds of thousands of pairs of shoes. As a result, the government expects that there will be a material decrease in the price of clothes and shoes.

It proposes to distribute the cloth and shoes which had been stored up against further prosecution of the war at low prices to deserving families. Rates will be made according to the size of the family.

Out of the sordid annals of the Berlin criminal courts came to-day the story of a "Black Hand" persecution which had its inception in the recent anti-Semitic agitation here.

Karl Reitze, recently returned from a Russian prison camp was accused of trying to extort several hundred thousand marks from two Jewish merchants under threat of death.

Reitze told the court he was at a loss to know why he had sent the merchants "Black Hand" letters, saying they must deliver packets of money at stipulated places or suffer the consequences. But, he did plead that his mind had been affected by anti-semitic propaganda. He had read a number of the program pamphlets, and then had gone to the place of publication, where about twenty persons were congregated.

There the suggestion was made that the Jews should be oppressed, just as in Russia, and that money should be extorted from them where-with to continue the propaganda work.

Reitze said that he supposed this suggestion had been the inspiration for his own deed, for he at once set about to send letters, signed the "Secret Alliance" to the merchants. While they were warned not to have anyone accompany them, they at once called in the police and had Reitze apprehended when he came to receive the decoy packet of marks.

Communism may come to the aid of Cupid here.

Fearing that returning soldiers will be deterred from marrying and making homes for themselves because of the high cost of living,

## Chas. M. Trowbridge's Sale of High Class Duroc Sows

50 Head—All Immune—50 Head

At Woodlawn Farm, near Mays, Indiana.

WEDNESDAY, AUGUST 20, 1919.

Tried sows, spring and summer and fall yearlings. Many of these gilts open, others bred to HOOSIER GIANT JR., best son of Hoosier Giant, the \$1500 boar I sold to the Enoch Farm, Fernwood, Miss., last year. BIG JOE KING, 1st prize boar pig Indiana State Fair, 1918. WOODLAWN TOP COL., a good son of Walt Top Col. The tried sows are sired by Orion Cherry King, Pal's Col., American Top Col., Hamlet, Mayes Top Defender Prince and Gilbert's Jack's Friend. Yearling gilts are sired by Hoosier Giant, Joe Orion Jumbo, Joe Orion II, Aguin, Woodlawn Top Col., Prince Orion Jr. and Perfect Defender.

Hoosier Giant, sailing under the name of Big Joe Orion King died recently in the Enoch's Farm herd. This was a great loss to this enterprising firm, but a much greater loss to the Duroc breed. He will be recognized as one of the best breeding sows of Orion Cherry King. Sows bred to him in their last February sale averaged over \$600. Inquire for their report of August 1, 1919 sale. I predict that daughters of Hoosier Giant will have a wonderful reputation as herd sows during the next few months. Better place one or two of these gilts in your herd while you have an opportunity. Send for catalogue that gives full description of the offering.

## DISCHARGED MEN CAN HOLD CIVIL POSITIONS

Attorney General Expresses Opinion That Honorably Discharged Men Can Get Jobs

60 DAYS FROM AUGUST FIRST

Under an opinion of the Attorney General recently rendered to the Civil Service Commission, United States soldiers, sailors and marines who missed opportunity to enter civil service examinations because of their military or naval service may now be given a chance to qualify for Government employment.

The Civil Service Commission, wishing to give discharged service men every opportunity to qualify for civil positions, asked the Attorney General for an opinion as to whether it would be legal to open, the benefit of honorably discharged soldiers, sailors, and marines, examinations which had been closed. The Attorney General having expressed the opinion that such action is legal in view of the spirit of a recent act of Congress which provides for preference in appointment to civil positions for discharged soldiers, sailors and marines, the Civil Service Commission will open only to honorably discharged service men examinations which were pending on April 6, 1917, the date of America's declaration of war, or which were subsequently announced, and for which registers of eligibles now exist.

Sixty days from August 1, 1919, will be allowed soldiers, sailors, and marines in which to be examined for positions for which examinations have already been held if they were discharged from the military or naval service prior to August 1, and sixty days from the date of their discharge will be allowed those discharged subsequent to August 1, 1919.

## WRITES OF DAILY STRIKES IN PARIS

Capt. Kiplinger Describes one Where Waiters Walk Out Because They Can't Wear Moustaches

CITY REMAINED PATIENT

Was Not Considered Serious as It Was Though It Would be Over by Night.

Captain John H. Kiplinger, who is attached to the office of the judge advocate in the Paris district, in France, writes that strikes are everyday occurrences in Paris. He enclosed a clipping from the Paris edition of the Chicago Tribune, describing one of the latest strikes, in which the waiters walked out because they were not allowed to wear moustaches.

With the Cafe de la Paix, encircled by several score of policemen and with hundreds of other boulevard cafes and restaurants closed following the outbreaks of striking waiters and waitresses late yesterday afternoon, all of Paris was asking itself last night, "Where shall we eat?"

A pair of whiskers, a stray moustache or some other hirsute tendency that a waiter would like to possess is directly responsible for the strike of waiters and waitresses that is upon Paris at present. Waiters have struck because they are not allowed to wear a moustache. The waitresses while not wishing to wear moustaches have decided that the men are right and should be allowed any form of downy adornment that they wish and have struck in sympathy.

Of course there were other reasons for the strike (there always are). The waiters would like to have fixed wages; they want tips abolished (God bless 'em); and they want an eight hour day. But their desire to wear foliage on their faces is perhaps the most interesting and certainly the most picturesque of their demands.

Through it all, Paris remained patient as it trod from place to place as it sought a place to appease its hunger. And all of this because man is so vain as to demand that his personal right of wearing a moustache be not infringed upon.

Parisians were surprised slightly yesterday morning when they found that many of the large restaurants remained closed following the decision of the strikers during the night to walk out. However it was not considered serious as it was generally thought that the strike was but passing and would be over by night.

The situation reached the climax last evening about 5 o'clock when a crowd of six hundred striking waiters, and waitresses descended upon the boulevard cafes. Commencing at the Cafe de la Paix which had remained open throughout the day, they came like a thunder storm out of a clear sky.

The peaceful crowd that had been quietly eating and drinking was quickly turned into a panic as the strikers, rushed the cafe, sweeping glasses and saucers from the tables, knocking bottles, dishes and food from the serving counter and overturning chairs and tables.

Glasses and bottles were thrown and several hand to hand fights ensued as attempts were made to turn back the strikers from the completely overturning the cafe. Several were injured slightly by being struck with flying glass ware or a bare fist, but no one seriously enough to be removed to a hospital.

Patrons quickly left the cafe leaving the situation to the strikers to battle to a finish the question "to shave or not to shave."

Restaurant after restaurant along the boulevards was visited in turn with much the same performance taking place at each one; while the crowd of strikers was constantly growing as one by one the unheard ones joined the ranks of their fellows and set forth in conquest of a moustache.

As the dinner hour grew near, Parisians, despite their favorite dining places, sought new haunts. The business of the city was

was forced to recall restaurants where he had seen waiters with moustaches, but even then one was not absolutely certain, as the desire of the waiters to see everyone of their class uniformly draped in hirsute facial adornment might lead even a man already possessing a moustache to desert his post and fight for the welfare of his friends.

At one of the numerous cafes as the strikers rushed in an elderly Frenchman shouted. "If you don't stop this strike we will give you no more tips."

"Tips," scorned the strikers, "we don't want tips, they are what we are fighting against we want moustaches."

Tips are not what the waiters want and really they are right. They have been so busy for the past five years shaving and collecting tips that they want a rest from both. Having cornered a large fortune collecting tips, they are willing to forego this heretofore-thought necessity, if they can have the time to themselves that they have been forced to spend before the looking glass with the razor and brush.

If the abolition of tips and the eight-hour day cannot be accorded to the strikers as they demand, certainly one cannot have the heart to refuse a man a small thing like a moustache or even a beard, if he wishes it.

The Hotel-keepers' society issued a statement last night declaring that they had the situation in hand and would be able to care for all visitors to Paris, whiskers or no whiskers.

### AFTERNOON CROWD BEATS INNES BAND

Continued from Page One

Howard C. Knotts, in his address of only an hour, told his experiences as a flyer, and of his trials and hardships in the German prison camps.

Lieutenant Knotts was a Harvard law student at the time he went into the service, and his college training and his inherent culture shown forth in all he said, and in all his manners. After his first joy ride in an airplane, he said if someone would have asked him, just why he had picked on the aerial service, he couldn't have answered them.

In this country he was taught the principle facts about the construction of the planes, and how to assemble them, but his first trip came when he was in France. He later became a pilot, and from then on was engaged in the fight.

His first air fight took place when his squadron swooped down upon two German observation balloons. His description of their fight among the clouds, the firing of guns and bursting of bombs, their tail spins, nose dives and various maneuvers in avoiding and taking positions of advantage with their enemies was very thrilling. He told how so many people were often asking, "Were you scared out there?" to which he replied that 100 per cent of himself was scared to death most of the time.

He said that the German planes were superior to the allies in strength and swiftness but that the allies outranked the Germans in maneuver ability, which was a very great asset. Also that most of the style of their fighting was what they termed dog-fighting, a method where the fighter does not devote all his attention to one enemy, but flies back and forth and here and there, attacking all.

Lieutenant Knotts described in detail his fight in which he brought down his first German machine and the thrill which he had in accomplishing this. He explained that while this was a most "gruesome ex-

### 8 RIBBONS IN 9 EVENTS

Frank Jones, living north of the city who had shown horses entered at the Newmarket fair, showed nine times, winning eight ribbons. He won five firsts and two seconds in light harness and one second in the general purpose class.

# MILLIONS SUFFER FROM ACID STOMACH

## THE GREATEST REMEDY ON EARTH—ACID IRON MINERAL.

Millions of people suffer year after year from ailments affecting practically every part of the body, never dreaming that their ill health can be traced directly to acid-stomach. Here is the reason: poor digestion means poor nourishment of the different organs and tissues of the body. The blood is impoverished — becomes weak, thin sluggish. Ailments of many kinds spring from such conditions. Biliousness, rheumatism, lumbago, sciatica, general weakness, loss of power, and energy, headache, insomnia, nervousness, mental depression—even more serious ailments, such as catarrh and cancer of the stomach, intestinal ulcers, cirrhosis of the liver, heart trouble—all of these can often be traced directly to acid-stomach.

Keep a sharp lookout for the first symptom of acid-stomach—indigestion, heartburn, belching, food repeating, that awful painful bloating after eating, and sour, gassy stomach. ACID IRON MINERAL, the wonderful modern remedy for acid-stomach, is guaranteed to bring quick relief from these stomach miseries. Thousands say they never dreamed that anything could bring such speedy relief—and make them feel so much better in every way. Try ACID IRON MINERAL and you, too, will be just as enthusiastic in its praise. Make your life worth living—no aches or pains—no blues or melancholy—no more of that tired, listless feeling. Be well and strong. Get back your physical and mental punch, your vim, vigor and vitality. You will always be weak and ailing as long as you have acid-stomach. So get rid of it now by taking ACID IRON MINERAL. Also call for A I M Pills and take one every night until stomach, kidneys and liver are relieved.

# Dame Nature Puts It Over Dame Fashion

By MARGARET ROHE  
(Written for United Press.)

The yellow peril now is near  
We're due to have a jaundiced  
year

And fruity shades of citron hue  
May make a lemon out of you.

New York, August 16.—What a long tail our hat has! All the new perky little sultan turbans of crushed velvet, round velvet sailor shapes with rolled up brims and, in fact almost all the early Autumn millinery models have a long swishing tassel of vivid silk dangling from their midst. Whether it be of the self-same tone as its parent chap-  
eau, as is the case usually where the hat is of black, dark brown or henna or whether it be a striking contrast the sprouting tassel bobs about ubiquitously and also about pretty ears and about six or eight inches long.

Under the head of the contrast class, but bound to be on the head of the class, is a sultan turban of the vividest Chinese vermilion velvet, with a tassel of the vividest Chinese green silk. Velvet is already very much to the fore and the forehead and brighter even than the aforementioned Chinese vermilion is a new shade of orange called capsicum, which brazenly rivals for very brilliance the rays of the August sun. It is one of the most popular of the new shades which run the gamut of all the yellows and browns. In fact you have to be jaundiced to be jaunty this fall. Fall fashions are fruitful and you must either be an orange or a citron to be truly chic. So pick your fruit and color your hat and your life accordingly.

Naturally these hectic orange shades are used the suits and frocks merely as highlights in embroidered touches here and there, but for evening gowns the entire costume partakes of the vivid hue. Suits and frocks are rather of some golden tint of brown or creamy beige and in the Fall Paris models it is amusing to note the multitudinous names used to designate the varying shades of tan. They vary only by a breath one from another and yet each boasts an entirely separate and exclusive appellation. Ecru, beige, mastie, putty, clay, old ivory, bisque, champagne, (alas that and a new shade called bee fill only the glass of fashion nowadays) and going a bit deeper are bronze, wood brown, tobacco, a few red echoes of last season's red brown, rust, henna, and mahogany, and, lastly the deep dark depths of tete de negre.

Black has been worn so persistently all summer in the ebon satin frocks and gowns so dearly loved of the Parisian female heart that a blossoming out into the vivid yellows and warm browns this fall will be a welcome chameleon change. We can not shake black off completely, however, and its sombre hues will still swathe us willy nilly in both satin and velvet lengths, just as our epinechant for having the blues will always stick to us in the form of navy blue serge till the millenium. Then only will the emancipation from any clothes at all free us from the blue of serge forever surging round us.

Fine feathers also add their orange and brown tinted hues to aid our Autumn millinery and the all feathered close turbans of the orange-breasted and bronze-toned pheasant is a symphony of color tones. Paradise too flaunt their yellow beauties au naturel nor longer droop under the black fear of premature dyeing.

Dame Nature is certainly going to put it all over Dame Fashion this Fall, for it is unmistakably upon the glowing glories of the Autumn foliage that our sartorial color scheme will be based. Every discarded leaf that falls from Ceres bounteous lap will be eagerly snatched up as a first aid to fashion by Madame La Mode, and that haughty lady must humble herself to receive Nature's leavings, with a grateful air.

Being all dolled up in the tints of the Fall foliage, we will partake, at least from a color standpoint, some of the sartorial sensations of our maternal ancestor, Lady Eve. And changing our costumes will smack vividly our turning over a new leaf.

# Society

The S. E. T. club will be entertained Tuesday afternoon at the home of Mrs. Ned Abercrombie in North Main street.

The Tri Kappa sorority will hold their regular meeting Monday evening at the home of Mrs. Charles Wilson in North Perkins street. All members are urged to be present and bring an item for the Chapter's letter in the Cross Keys.

There will be a class meeting of the Loyal Daughters of the Main Street Christian church Tuesday evening at the home of Mrs. Clifford Hardwick, in East Seventh street. As important business matters are to be discussed, all members are urged to be present.

The annual reunion of the Arnold family will be held next Thursday, Aug. 21, at the home of Albert Arnold, two miles east of Morristown and a splendid program and entertainment has been arranged for the occasion. Many members of the family in this county are planning to attend.

Mrs. John H. Frazee entertained with a delightful dinner party last evening at her home in North Harrison street, honoring her house guests, Miss George Ann Griford of Tipton, Ind., Miss Ellen Jane Rich-  
ey of California, William Grishaw of Tipton, and Mrs. Reeves Woods of near Gwynnville.

Mr. and Mrs. Albert Sweet entertained last evening with a six-o'clock dinner at their home in North Perkins street, the following guests: Mr. and Mrs. Lev Wallace and son William of Detroit, Mich.; Mrs. Orville Hill and daughter Leanna of Morristown and Mr. and Mrs. William Gessler of this city.

A beautiful informal gathering was given at the home of Mrs. Walter Saxon of Fairview, yesterday afternoon, when her daughter, Miss Doris, entertained two clubs, the Sorosis and Priscilla Embroidery clubs, honoring Mrs. Millie Johnston of Elmore, Ind., who is the house guest of Mrs. Saxon. The rooms were decorated in the color scheme of white and yellow, summer flowers being the main decorations. During the afternoon punch and ice cream were served. At the punch table unique wrist watches, consisting of yellow ribbons and imitation watches, were given out on which the announcement of the engagement of Miss Doris Saxon and Curtis Scholl was made. Mr. Scholl is the son of Mr. and Mrs. Frank Scholl of Glenwood and is well known here. The wedding will take place in September. Music was furnished throughout the afternoon by the Mrs. Mariam Fry and Miss Sadie Scholl.

# CHARGE PUBLIC BUILDING

French Troops Release Deputies  
Imprisoned at Luxemburg.

(By United Press.)  
Luxemburg, Aug. 16.—At the request of the local burgomaster, French troops charged the parliament building with bayonets today, scattering labor demonstrators and releasing imprisoned deputies. Workmen who demanded \$90 instead of \$50 bonus as a protection against the advanced cost of living, had previously stormed the cabinet and imprisoned the employees.

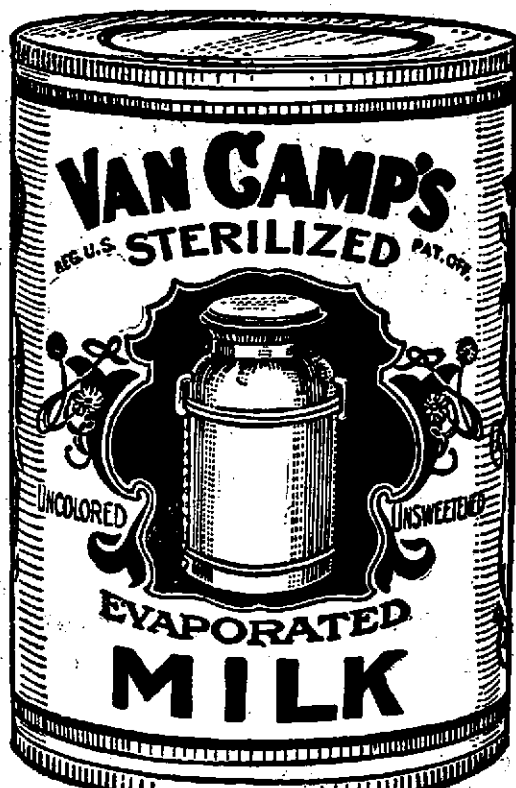

**BOLSHEVIKI WIPED OUT**  
London, Aug. 16.—Several battalions of Bolshevik troops have been wiped out in the new counter-offensive of the northwestern Russian army along the River Luga, southwest of Petrograd, according to dispatches from Helsingfors dated Wednesday. The soviet forces also lost large numbers of prisoners, machine guns and ammunition.

# RIOTING IN IRELAND

Londonderry, Aug. 16.—Rioting and looting occurred in this city last night and early today. Troops charged on mobs, but did not fire any shots. The soldiers, however, were met with a volley of stones when they attempted to break up a Nationalist demonstration.

# The Finest Milk

## Sold in America—A 20-Year Development

Rich, Whole Milk,  
Reduced to Double  
Richness by Low-  
Heat Evaporation.

Sealed at Model  
Condenseries in  
Seven Great  
Dairying Districts

"The Cow in the Pantry"

We have spent twenty years to make Van Camp's Milk the finest milk sold in America.

The ablest milk experts have helped us. Model condenseries—each with a laboratory—have been built in seven great dairying districts.

We have bought thousands of high-bred cows. Sanitary dairies have been developed. The cows are constantly inspected.

Today millions of homes serve a perfect milk, because of what we have done in Van Camp's.

# Van Camp's Milk

The Finest Milk Produced in America

## It's a Safe Milk

Van Camp's is a pasteurized milk. After it is sealed in the can we sterilize the milk. You thus get a germ-free milk. It is never an old milk. All our condenseries are close to the dairies. The milk is evaporated soon after milking. You never get milk in bottles which is nearly so fresh as Van Camp's.

## Thick as Cream

Van Camp's is as thick as cream. We take the whole milk as it comes from the cow and put it in a vacuum. There, by low heat, we evaporate over half the water from the milk.

You can use it like cream in your coffee or ice cream. Add an equal part of water and you have a rich whole milk for all rich milk purposes. Add still more water and you have a rich cooking milk.

## Saves All Waste

Van Camp's costs less than bottled milk. You save the waste. There are small cans and large cans. Open little or much as you wish it. You never have too little milk, you never have too much. And you have full-cream milk—never a skimmed milk—for drinking and cooking. The way to serve the best milk in existence is to buy Van Camp's.

Van Camp Products Co., Indianapolis, Ind.

# STATE FAIR TO BE THE BIGGEST IN HISTORY

Exposition Will Open September 1  
With the Dedication of Two New  
Buildings.

## 4 HARNESS RACES EACH DAY

Indianapolis, Ind., Aug. 16.—Indiana's state fair this year will be the biggest in history, according to fair officials today. The exposition will open September 1 with the dedication of two new buildings which are nearing completion.

Concessions and exhibition space are in greater demand this year than ever before the officials say. The demands are coming especially from manufacturers of farm machinery and it was predicted that all available space will be occupied.

One of the new buildings will cover two acres and will house automobiles. The other is the Woman's Building to be used for display of craftsmanship, fine arts, flowers and culinary exhibits.

Indiana made automobiles will feature the auto show, which is expected to be larger than ever before because of the space which is made available through the erection of the new building.

The livestock shows will also come in for their share of attention. Thoroughbred cattle, horses, sheep, swine and poultry will be placed before the visitors. Four harness races are on the program for each day and the last day there will be dirt track races. Then, there will be air-planes with exhibition flights.

A Fertilizer Bargain

MANURE, properly handled, is worth several dollars a ton. It replaces some fertilizers you would otherwise buy and it makes the soil rich in humus.

But to prevent rain from leaching out its nitrogen and potash, its most valuable content, you need a concrete manure pit. With a pit there is practically no loss.

Let us show you plans and give you a cost estimate for a concrete pit that will save the half that now goes to waste in the barnyard. It is a small investment but a big saving.

URGED TO SEE J. P. STECH

Woodmen Going to Log Rolling Should Arrange For Transportation

Modern Woodmen who intend to go to the State Log Rolling, next Wednesday, Aug. 20, and have not already made arrangements for conveyances, should see J. P. Stech, clerk, on or before Monday night, so that transportation can be arranged for them. Everything points to one of the greatest gatherings of Modern Woodmen ever held by the members of this state. Prizes amounting to \$350 are to be awarded in the different contests to be held during the day; and at night a class of over one hundred candidates will be initiated by one of the best degree teams in the state. A large number have signified their intention of going from here.

horde which has lost its all in Wall street speculation, but the glamor of the dollar always calls more.

And, while outside speculation is easing up and things gradually more normal, there still is an influence that bids fair to keep prices very high merely by the process of supply and demand for shares.

Big Lot of Hay Fever Jokes

But Kentucky Man Says—"People Who Belong to Hay Fever Colony are Kidding Themselves"

Wouldn't Be Any Rose or Hay Fever if Simple Home Remedy Was Given a Chance.

"Yes, there's a real NINETY-NINE per cent effective remedy for hay or rose fever," frankly states a druggist in a prosperous Kentucky city.

"But I don't expect anyone to believe me, because the treatment is so easy and the cost not worth mentioning."

"The annual crop of hay-fever jokes would be mighty scarce if people would get an ounce of Mentholized Arcline and by just adding water that has been boiled make a pint of liquid that will prove a real help to all who suffer."

"Many of my hay-fever friends tell me that by starting to gargle and sniff or spray the nostrils a few times a day the expected severe attack often fails to appear and in cases where it does show up is very mild and does not annoy."

"The Better Class of Pharmacists" who dispense Mentholized Arcline, say it will greatly modify any attack even when taken three or four days after hostilities begin.

Go to a real live druggist when you get ready to make a pint.

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

"Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence. You can have nerves of steel, firm step, new courage and keep mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient."

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition. "All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone."

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, run-down, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

For a Pain around the Heart after Eating.

TAKE

PEPSINCO

Sometimes in front just under the heart, sometimes around under the left side, under the ribs behind the heart it's a sharp or acute pain; sometimes a dull heavy pain, leaving soreness. It's gas on the inside generated through gaseous foods, or because of systematic inability to properly assimilate the food, this gas soon collecting, forms a lump that causes the pain. This is only one of a dozen different indications of indigestion which PEPISINCO immediately relieves. Keep PEPISINCO handy and take it the next time.

Ask your druggist—he sells and recommends Pepisinc.

## RED CROSS DRIVE IS STARTED FOR MEMBERS

Campaign For \$15,000,000 Throughout the U. S. Will be Concentrated Between Nov. 3 and 11

### SERVICE TO AMERICANS, AIM

With the naming of Mackenzie R. Todd as campaign manager, D. C. Dougherty acting manager of the Lake Division, American Red Cross has formally launched the Red Cross drive for members and funds in Ohio, Indiana and Kentucky.

Actual enrollment of members and a campaign for \$15,000,000 throughout the United States will be concentrated between November 3 and 11, Armistice Day.

"This \$15,000,000 will be used to carry to a conclusion our Red Cross obligations assumed during the war in countries overseas," says Mr. Dougherty who also quotes Dr. Livingston Farrand, chairman of the executive committee of the American Red Cross in saying that these obligations are nearing an end. However, it is the national Red Cross plan, now, to devote its chief attention and energy to the development of a clearly defined home program, which already includes systematic preparedness for disaster relief, a wide-spread nursing plan, continuing of Home Service operations and an active Junior Red Cross.

"It is the primary object of the American Red Cross to be of service to Americans," is the way Dr. Farrand sums up the situation.

### COUNTY PIONEERS MEET.

Centerville, Aug. 15—The Wayne county Association of Pioneers held its annual meeting here today. The first meeting was held in 1859 and the members have convened, every year since that time. Oliver D. Morton, Indiana's war governor, was instrumental in founding the association.

## FIRE PREVENTION IN MOVIES AT STATE FAIR

Those Seeing The Pictures Will Better Understand Why Indiana's Fire Loss is \$7,000,000

### DISPLAY FIRE PREVENTATIVES

Indianapolis, Ind., Aug. 16.—Visitors to the State Fair this year will be treated to an unusual exhibition. The State Fire Marshal has had space set off in the old Art Hall where he will throw a free moving picture show.

"The Fire Demon" one of the fire prevention films to be run, pictures such fire hazards as the defective fuse, the rubbish-filled basement, the over-heated electric iron and tells in a most effective way how these and many other hazards can be corrected. Other interesting films will be run.

Those who see these pictures will better understand why Indiana has an annual fire loss of six to seven million dollars, and how it is possible to eliminate many fire causes.

It will show why it is dangerous to permit accumulations of rubbish, waste paper and oily rags; why kerosene and gasoline should be handled with the greatest care; why matches should be kept out of reach of children—in short it will show, by the application of rules of caution, 75 percent of our fires can be prevented.

In addition to moving pictures the State Fire Marshal will also exhibit at the State Fair various kinds of fire prevention appliances, including chemical extinguishers safety cans waste cans, and many other devices; also different types of non-inflammable roofing and fireproof building materials.

### APPOINTED TO WEST POINT

Mrs. William Shanahan has received word that her brother Joseph Toolen, of Anderson, received an appointment to West Point and has passed the examination successfully.

## ONLY 137 DAYS UNTIL CHRISTMAS

All People in Partnership With Santa Claus are Working to Get Their Wares Ready.

### NEWEST PARTNER IS JAPAN

In Common With Everything Else Toys Will Cost Considerably More Than Last Year.

(By United Press.)

New York Aug. 16—Only 137 more days before Christmas.

So the toy makers, the candy manufacturers, the fiction writers and illustrators, and all others in partnership with Santa Claus, are working at top speed to get their wares ready for the holiday season.

The toy factories, humming with industry, are turning out the most varied assortment of amusement devices in their history—but anything of a martial nature is banned. The manufacturers are proceeding on the theory that youngsters, as well as their elders, are tired of war.

Santa Claus' newest partner appears to be Japan. Dealers said today that country will run a close second to the United States in turning out toys. The question of whether Germany and the saint will resume diplomatic relations appears to be an open one. Most dealers, however, declare their opposition to admitting German toys at this time.

In common with everything else, toys will cost considerably more than last year—about twice as much as before the war.

With the ban off sugar, candy makers are confident there will be a record demand for their products this Christmas, and are making preparations accordingly.

Magazine editors are accepting and rejecting—mostly rejecting—Christmas stories and pictures. Printers are increasing their stocks of Christmas cards.

Poultry dealers refused to commit themselves as to how much the Christmas turkey will cost, but frankly admitted they can see no chance for a decrease from last year's price.

Out of the wooded hills, the evergreens are utilizing these hot days to add enough to their height and spread to qualify as Christmas trees.

Everywhere in the United States the Christmas spirit, though still hidden beneath half a calendar, is hasty and growing.

## BOY STEALS PURSE WITH 7 DOLLARS IN IT

Youth Whose Name is Withheld for Present on Promise to Reform Forced to Return Money

### INCIDENT AT CLARKSBURG

A young man hailing from Rush county was caught in bad at Clarksburg Friday by W. W. Grose and compelled to give up a purse and \$7, which he had "swipped" from the Miller boarding house, says the Greensburg News.

The young man engaged board there last night, saying he had work on a farm near by and expected to be there for some time. Mrs. W. W. Grose took supper there last night, and carelessly laid her purse containing \$7 in cash on a bed.

When she returned from the dining room the purse had disappeared. The young man was suspected and when met on the street there at noon today by Mr. Grose he denied having any knowledge of the missing money.

Whereupon Grose seized him and gave him a good shaking, and demanded that he produce it. The fellow then came across.

In order to protect the reputation of the young man, who has promised to do better, his name is withheld for the present.

Merle Maupin of Crawfordsville, formerly of this city, who is visiting here, has consented to play the pipe organ at St. Paul's M. E. church at the regular services tomorrow morning, it was announced today.

## Proof

of the extraordinary tire mileage which can be obtained by the owners of a

## Franklin Automobile

We have on exhibition in our show window two tires that have given better than 20,000 miles. Mr. J. D. Case, who drives a Franklin Sedan has driven these tires over 20,000 miles and we invite you to come and inspect them for your own satisfaction.

Buy a FRANKLIN and enjoy this wonderful mileage.

### County News

#### New Salem

Lon Ryan has purchased the Mitchell property which has been occupied by John McKee and family.

Mr. and Mrs. A. J. Perkins, Elvin Perkins, of Lebanon and Mr. and Mrs. Earl Matney of near Laurel motored to Newcastle Wednesday and attended the fair.

Among those who have been attending the chautauqua at Rushville from here are Mrs. Charles Fisher and daughter Margaret, Mrs. Mont Stewart and daughter Ruby, Miss Benlah Murphy, Mrs. D. D. Barber and daughter Beryl and Miss Minnie Miller.

Miss Kathleen McKee and Miss Lou Moore returned home Tuesday from a ten days visit at Winona Lake.

Miss Merle Spacey who has been spending her summer vacation at Winona Lake, has been visiting home folks for a few days.

Russel Logan, Franklin Norris, Payne Spencer and Dwight Carney who are visiting friends at Winona Lake, will return home Saturday.

The Willing Workers of the M. P. church gave a pitch-in dinner in honor of Mr. and Mrs. Fred Kennedy at their home Wednesday. Mr. and Mrs. Kennedy are to leave soon for Alabama.

The New Salem school will begin the 15th of September. The grade teachers will be Miss Minnie Miller, Miss Merle Spacey and Clifton Mitchell. Mrs. Morton will be the principal and as yet the other teachers have not been selected.

O. J. Cooke of Richland township attended the Newcastle fair Thursday.

Elvin Perkins of Lebanon, Ind., has been spending the summer at the home of Mr. and Mrs. A. J. Perkins.

### MACHINE SPINDLE BREAKS

Marcus Kendall of Glenwood Escapes Injury in Accident

A roadster driven by Marcus Kendall of Glenwood, was damaged considerably this morning, when the spindle of the left front wheel broke and before the machine could be stopped, the wheel had been thrown back underneath of the left side of the car, tearing the running board into pieces. The occupant of the car was not injured, and as it was traveling at a moderate rate of speed, no more serious injury resulted. The accident happened at the corner of Third and Spencer streets, and the fact that the wheel was thrown under the machine, probably saved the car from being thrown into the ditch at the south side of the street.

### TEN INJURED AT COAL ISLAND

Belfast, Aug. 16.—Ten Nationalist excursionists were injured during a fight Friday with Orangemen at Lisburn, County Down. Serious rioting also occurred at Coal Island, County Tyrone.

## Scorched!

It will happen at times under the eyes, even of the most responsible of "home cleaners."

It may be an overheated iron, or momentary forgetfulness—but the damage is done. The garment may be scorched beyond all further usefulness. At the very least a mark is left that no washing can ever erase. Such scorching occurs in the home because irons must be heated by fire and electricity that attain high temperatures.

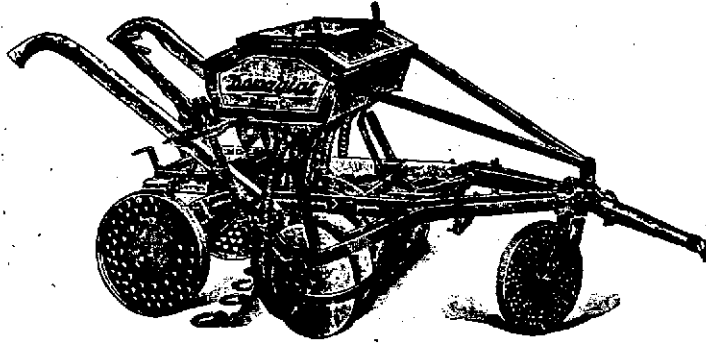

But it can not take place when you send your garments to us.

Our presses are heated by steam which never becomes hot enough to scorch. If you were to hold a gossamer silk over the steaming spout of your hot water kettle, the steam would not damage the fabric. The same methods are used by us.

With its help we are able to give a beautiful lustre to your work with never a brown-tinted scar to mar it. Garments are thoroughly dry cleaned by us and then given over to the steam-presser, which insures the best of work.

REPAIR WORK A SPECIALTY WITH US.

## Dowagiac Steerable One-Horse Disc

They are SELF-GUIDING and follow the horse perfectly on short turns or between crooked rows without guiding from the rear. They are STEERABLE without lifting by the operator. Pressure on one of the handles or the operator shifting his position, when riding on the box immediately changes the course to that side.

They are ADJUSTABLE both as to width of rows and as to depth of sowing.

They are UNIFORM depositors of seed by means of independent and adjustable spring pressure on each disc.

They are CONVENIENT in transportation to and from the fields. One lever raises the discs and the drill is carried on the castor wheel in front and the drive wheels in the rear.
